## From the Editor's Keyboard

by Beverly Browne, Managing Editor

This has been an active month in Port Ludlow, my Village in the Woods by the Bay. In the North Bay section of town, the Drainage District held meetings to explain (again) its plan to handle the water problems being experienced by the shoreline residents. The engineers propose a wide, deep, rock-lined culvert that will divert the water from the troubled area and dump it into Puget Sound. There is money to do the project and it sounds good until you look further. Lots of people have done that and aren't happy with the view.

To say the proposed 20-foot-wide rock-lined ditch is controversial is to vastly understate the situation. The hikers and environmental activists decry the disruption of the trail and the removal of ancient trees. The people living next to the proposed ditch think they will experience reduced privacy and dangerous blow downs. Having looked at the properties and the proposed tree removals, this non-forester thinks they may have a point. The trees are big and it is undeniable that single firs and cedars have a tendency to topple over in our sometimes violent wind storms. They point out that there is a natural channel and don't believe it is necessary to move the ditch further toward their homes. Staying with the current natural path would preserve some of the larger trees.

What about the poor folks down by the water? They are awash, the water is coming from somewhere, and they need help. However, the question of whether the proposed culvert is the right solution remains. Can this project be modified to decrease the impact on the adjacent properties while still achieving the result desired by the residents on Cascade Lane and Goliah Lane?

Advice has been sought from one source, albeit a reputable one. Additional investigation would add to the cost of the project but a second look might be advisable. It would be disastrous if the District went ahead with the project, disrupted the neighbors and then found the plan didn't work. A second assessment could yield a solution that the affected parties could all accept. This project is something you can only do once. It needs to be right.

## Harbor Seals in Hood Canal

by Lisa Olsen, Contributing Writer

If you visit or live in the Puget Sound area and spend any time along the shoreline or on a boat or ferry, you've probably had the delightful experience of sighting the sleek head of a harbor seal emerging from the water. The harbor seal is a member of the scientific order, Pinnipedia, meaning winged foot, and shares the Puget Sound waters with other pinnipeds, including California Sea Lions, Northern Sea Lions and Elephant seals. The harbor seal can be identified from these other creatures by their much smaller size, earless head and spotted coat. The harbor seal is the most abundant pinniped in this area and the only one that breeds here.

Puget Sound harbor seals are considered non-migratory and can be seen year-round. Average adults range from 4-7 feet long and weigh between 250-300 pounds, males being slightly larger than females. Their ability to dive up to 300 feet, stay underwater for 28 minutes and swim at 15 knots provide the skills needed to feed on the squid, crustaceans, mollusks and fishes that make up their diet.

Harbor seals can be found in shallow estuaries, rivers and beaches, and sandbars or rocks that are uncovered at low tide. They spend most of each day in the water feeding, but depend on land to rest, sleep, regulate their body temperature, sun, and birth and raise their young. Although very shy and usually solitary, during their annual pupping and molting seasons, large groups are hauled out and highly visible much of the time.

Females produce a single pup each year sometime during the spring, summer and early fall. The timing of the peak birth period varies depending on the geographic area in the Pacific Northwest. Seal pups are born along the Olympic Peninsula coast from May through July; among the San Juan Islands and eastern bays of Puget Sound from late June through August; in southern Puget Sound from mid-July through September. Along Hood Canal seal pups are born between August and January. Harbor seal pups are able to follow their mother and swim immediately after birth. A nursing pup may double its birth weight, nursing on milk consisting of a fat content as high as 45 percent in the 4-6 weeks it stays with its mother. Once it is weaned, the pup will use its stored fat reserves as it learns to feed on its own.

There are numerous spots where harbor seals routinely haul out. Haul-out is generally at low tide, although high

*continued on next page*

*Seals continued from previous page*

tide haul-out is more typical along Hood Canal and takes place in Port Gamble Bay, Quilcene Bay and along the channels at the mouth of the Duckabush and Dosewallips Rivers. In the Strait of Juan de Fuca toward the east, harbor seals haul out at low tide in the Dungeness Spit and Bay area, Protection Island, Minor and Smith Islands off of Whidbey Island, and Marrowstone Island.

If you happen upon a harbor seal on the beach, adult or pup, keep children and pets away and avoid approaching or touching it. They are protected under the Marine Mammal Protection Act of 1972 and it is against the law to disturb them. Any human interference with a lone pup could put it in danger of abandonment by its mother. The best way to see seals is to watch them in the water through binoculars from shore, or from a boat at low tide. Or you can see them up close by visiting the Seattle Aquarium on the Seattle waterfront and Point Defiance Zoo and Aquarium in Tacoma, which have recently conducted a seal swap with the hope of increasing zoo populations of harbor seals.

For more information on harbor seals and for other links to information about marine mammals in Puget Sound, go to the Washington Department of Fish and Wildlife website at [wdfw.wa.gov](http://wdfw.wa.gov).

## IMQ SEPA Finalized

*by Jen Portz, Contributing Writer*

In 2007 Pope Resources informed the Department of Community Development (DCD) they would lease land to Iron Mountain Quarry (IMQ) to mine within a mile of Port Ludlow. Five years later DCD has issued its Final Mitigated Determination of Non-Significance (MDNS) for IMQ's New Shine Quarry (NSQ).

This MDNS, from the SEPA (State Environmental Protection Act) process, is designed to reduce to "non-significance" environmental impact from NSQ. Generally, SEPA begins with the applicant submitting a checklist explaining how their project will affect the environment. Under SEPA, counties seek public input and help determine who will be hired to perform which scientific studies to establish if and how mitigation will work. But IMQ approached SEPA differently.

After the letter of intent, IMQ sued DCD twice. Then Pope hosted a public forum here to gauge public concern. Based on what citizens said, IMQ hired firms to complete environmental studies with little county input. In 2010 IMQ submitted voluminous studies with their SEPA checklist. When DCD determined the mine would cause significant adverse environmental impact, IMQ sued

again accusing the county of not properly reviewing their application — a lawsuit that is still open. These maneuverings all but shut out SEPA's public input requirement.

Ironically, when public comment was allowed, some had unintended consequences. For example, DCD initially wanted IMQ to improve SR-104 with shoulder widening and an acceleration lane. But IMQ used information from a South Bay Community Association SEPA Committee report to contest that mitigation. The report divulged proprietary truck volume numbers from neighboring New Shine Quarry (NSQ). IMQ used this now public information to argue NSQ "would not affect the total (truck) volume forecast, since rock production is driven by demand, not supply." Essentially saying the two quarries would merely split the current market; an independent peer review concurred. Even though the Department of Transportation advised the mine would cause significant adverse traffic impact, they did no studies and their finding was not based on a project-specific analysis. SEPA dictates mitigation must be based on scientifically-supportable fact.

This MDNS does include thoughtful mitigation. Along with shoulder widening, IMQ must submit monthly tonnage reports for all mines on the north side of SR-104 and pay for a traffic study to be conducted each April — the industry-standard month for peak volume. If tonnage exceeds 40,320 tons per month (404,000 yearly), or if the truck volumes on SR-104 exceed 85 percent of the available traffic gaps, IMQ must fund and "develop a mutually acceptable traffic control, channelization and road widening plan." To protect Port Ludlow from through-traffic, "no export material is to be transported for transshipment via the Mats Mats facility."

Mitigation includes surface water testing for the South Valley Aquifer lying under and downstream from NSQ. DCD's David Wayne Johnson notes, "Port Ludlow gets its water from the Valley Aquifer. There is a great deal of separation between the two (aquifers) and science says they are likely not connected." Regarding blasting, IMQ must coordinate with Shine Quarry to eliminate simultaneous events and, prior to blasting, *must* notify those within 2,000 feet; those within one mile *may request* notification.

While some argue the county should have 'just said no' to IMQ, the law required DCD to work toward mitigation. Johnson emphasized, "There are laws that protect land-owners. We have SEPA; some pieces are antiquated but I really appreciate the thought that went into constructing it. We've learned a lot. We took this very seriously."

Johnson had no idea when mining might begin. The environmental review is complete and IMQ has submitted

*continued on next page*

*IMQ continued from previous page*

additional information to finalize their Stormwater Management Permit. Once issued, this permit will include several DCD-imposed conditions, such as compliance with SEPA mitigations, a possible performance bond for traffic studies and a list of other required permits, and it will be appealable for 21 days. But IMQ still owes the county \$30,000 for processing their application. Johnson noted, "I can't think of any permit we issued before the applicant paid their bill." Additionally, there is that still-open lawsuit. The determination satisfied DCD's portion; still pending is IMQ's damages claim against the county for legal fees totaling \$3.5 million.

## Three Cheers for the Red, White and Blue

by Mary Kletti, Contributing Writer

*"We take the stars from heaven, the red from our mother country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity, representing our liberty."* With these words from George Washington, on June 14, 1777, the Continental Congress replaced the British symbols of the Grand Union flag with a new design

featuring 13 white stars in a circle on a field of blue and 13 red and white stripes—one for each state.

Because the Continental Congress neglected to define the proportions, there have been 27 revisions to the modern U.S. flag. Early flags used many variations of the rectangle and the basic theme of white stars on a blue background; there was even one flag that had 15 stripes! Provisions for a star to represent each new state were first made in 1818. In 1912 President Taft signed a resolution regulating the flag's proportions and the arrangement of the stars into six horizontal rows of eight each. The organization of the stars was changed twice by President Eisenhower in 1959, and most recently altered in 1960 when Hawaii became a state.

Meanwhile, in 1886, a school teacher in Waubeka, Wisconsin placed a small 38-star flag in an inkwell and instructed his students to write essays on what the flag meant to them. From that day forward, Bernard J. Cigrand dedicated himself to inspire his students and all Americans in the real meaning and majesty of our flag.

Eight years later, on the third Saturday in June, the first general celebration of Flag Day was held in five different

parks in Chicago, with more than 300,000 children participating. In the years that followed, governors, mayors and five Presidents sent delegates and credentials, agreeing that Flag Day should be observed in all states on the actual anniversary of the adoption of the flag. Cigrand's effort to ensure national observance of Flag Day came to fruition in 1916 when President Wilson issued a proclamation establishing Flag Day as an annual national event. However, it did not become official until August 1949, when President Truman signed legislation officially proclaiming June 14 as Flag Day. And finally, on June 14, 2004, Congress voted unanimously that Flag Day originated in Cigrand's little hometown of Waubeka, Wisconsin.

This year, June 10-17 is National Flag Week with Flag Day falling on **Thursday, June 14**, followed by Honor America Days, the 21-day period culminating with the best national holiday of all—Independence Day!

Our flag has a proud and glorious history. It has been at the lead of every battle fought by Americans. Many people have died protecting it. It even stands proudly on the surface of the moon. Old Glory represents our independence and our unity as one nation, under God, indivisible.

*"The flag of the United States has not been created by rhetorical sentences in declarations of independence and in bills of rights. It has been created by the experience of a great people, and nothing is written upon it that has not been written by their life. It is the embodiment, not of a sentiment, but of a history."* —President Woodrow Wilson

## AmeriCorps on the Peninsula

by Barbara Berthiaume, Contributing Writer

In 1993, the Corporation for National and Community Service was established to connect Americans of all ages and backgrounds with opportunities to give back to their communities and their country. Each year, more than 1.5 million diverse people help meet local needs through a wide array of service opportunities. These include projects in education, the environment, public safety, homeland security and other critical areas through the Corporation's three major programs: Senior Corps, AmeriCorps, and Learn and Serve America. In Washington State, AmeriCorps provides more than 4,400 individuals the opportunity to offer intensive, results-driven service to meet education, environmental, health, economic and other community needs.

AmeriCorps on the Peninsula began in 1997. Jacques Livingston, Director of the North Olympic AmeriCorps, is based at the Port Angeles YMCA and supervises 40 AmeriCorps volunteers working on community-based programs from Port Townsend to La Push and Neah Bay.

*continued on next page*

*AmeriCorp continued from previous page*

Over 550 incredibly talented people applied for these 40 positions. The average age is 25. Livingston points out that the Peninsula has the highest rate of transplants in the entire program. Volunteers come from all parts of the country and find positive ways to contribute to the community while concurrently developing personal career and life skills.

AmeriCorps volunteers have a presence in all five school districts in Clallam County, tutoring and mentoring 1,500 students a year. Livingston also supervises 20 volunteers between the ages of 18-24 who participate in the Conservation Corps run by the Department of Ecology. They construct and maintain trails and buildings, and work with disaster relief, environmental education and management.

Shannon Keleher from Chicago is a first-year AmeriCorps volunteer and plans to extend for another year in Port Angeles. She and a co-worker created and received funding to develop a leadership program for sixth graders from two schools. The goal is for the students to learn skills that will help them navigate the challenges of entering middle school. Follow-ups are planned in the fall.

Sheila Ramsey was an educational consultant from Sacramento and upon retiring, wanted to participate in a national service program. She explored a number of options and found that the AmeriCorps program was a good fit for her goals. Ramsey is the OlyCAP Volunteer Coordinator based in Port Townsend and hosts a radio show on KPTZ entitled *Everyone Can*, a community conversation that highlights resources in Clallam and Jefferson Counties. She brings a wealth of experience to her work with OlyCAP, the Thrift Store, the Retired Senior Volunteer Program (RSVP), Working Image, KPTZ radio and Head Start.

Livingston noted that the AmeriCorps budget has been eliminated in the House and is being considered in the Senate. Budget debates in Washington D.C. during the next three months will determine the future of the AmeriCorps program. AmeriCorps volunteers are a quiet, competent and strong presence on the Peninsula. They enrich our schools and communities with their dynamic energy and innovative programs and are an essential resource to our budget-challenged nonprofit agencies. If you have an opinion on this topic, please contact your elected legislators.

For further information about AmeriCorps activities on the Peninsula, go to [www.nationalservice.gov](http://www.nationalservice.gov), and to listen to interviews with six AmeriCorps volunteers, go to the Todd Ortloff Radio Show at [KONP.com/podcasts](http://KONP.com/podcasts) taped on March 20, 2012.

## West End Stand Down

*by Barbara Berthiaume, Contributing Writer*

Stand Downs are organized to bring social service providers together in one place to help veterans find resources they need. John Braasch, President of Port Angeles-based Voices for Veterans, says the term “stand down” is taken from a military term which means “Rest and Recuperation.” The mission of Voices for Veterans is to assist the homeless veteran, veterans in need, and their families, in part through Stand Downs. The need is particularly great here. According to Veteran Administration data, there are over 15,000 veterans on the Peninsula. It contains the highest per capita percentage of veterans in the country.

The first annual Stand Down was organized in October 2004 in Port Angeles. It was so successful that a Stand Down in Forks was added in May 2006, and Port Townsend in July 2008. On May 3 the Voices for Veterans hosted their eighth Stand Down in Forks. Local cinematographer Bob Rosen intended to video a recent Stand Down and invited two local veterans, Bob Bergeron and Glenn Davis and me to join him. The Forks event is unique in that an announcement goes out through an informal pipeline of veterans spanning Neah Bay, Lake Ozette and surrounding forests.

Increasing numbers of veterans attend each year. This year there were 125 veterans and, of that number, 31 were female. There were 18 homeless veterans, 5 of which were female. Twenty-three service groups provided pertinent information. Resources ranged from social services, medical, dental, legal, counseling and veterinary services, a barber to cut hair, and over 300 hot meals served. A large clothing room offered a variety of clothing and outdoor equipment. Braasch noted that the Veterans Administration Health Care signed up 53 veterans, an outstanding accomplishment compared to other years.

Two veteran Marine greeters welcomed the veterans and their families at the door. Others, such as local resident Venay Money (affectionately known as “Big Mama”), have volunteered tirelessly over the years. The dedication of Voices for Veterans and vision of John Braasch resonated throughout the day as veterans and their families were connected to resources they needed. The local community shows visible support for the effort to help veterans in need.

Voices for Veterans is a registered charity and welcomes monetary donations, sent to P. O. Box 2810, Port Angeles, WA. 98362. They conduct a wide range of activities yearly to support the three Stand Downs. If you are interested in donating, volunteering, or would like more information, go to [www.voicesforveterans.org](http://www.voicesforveterans.org).

## Tales from the Stuga: Ole Benson's Ghost

by Linda Holmstrom, Guest Writer

When the mill in Port Ludlow shut down in 1940, several of the mill workers remained in the area, many in small shacks along the beaches of the bay. Ole Benson, a Norwegian, was one of those old timers; his tiny house was just a short distance from our stuga (cabin). Ole lived in a two-room cabin with his dog, Lena, a corgi. Had he not been stooped over due to many years of hard work at the mill, he would have been over six feet tall. He had an outhouse that was built on stilts over the lagoon behind the houses. It was a real "self-flusher". The tide filled the lagoon at high tide and emptied it out at low tide. His little cabin had no insulation, electricity or water and was heated with a wood-burning stove. The walls were covered in old newspapers, probably to help with the cold.

When we arrived for the weekend, we could count on Ole and Lena making the short walk down the beach, as the Holmstrom liquor cabinet was always open. Sometimes other old-timers would join the parade down the beach.

My parents often brought their two young grandsons, Jan and Jim, with them on weekends. The grandsons, along with their neighbor friends, Mark and Vicky, all between four and seven, loved to go visit Ole. He often invited them for breakfast and cooked them flapjacks and coffee. He taught them how to strike wooden matches by giving them handfuls with which to practice. He even let little Vicky try a cigar. We all loved Ole and his little dog Lena.

When Ole passed away in 1960 at 73, we had a memorial for him at the funeral home in Port Townsend and buried him in Forest Hill Cemetery on Swanson Hill. His little house remains there on the beach.

Now, about his ghost—one dark evening my dad and our neighbor Hank decided that Ole's ghost was probably thirsty for some scotch whiskey, since he had been dead for some months. Jan and Jim, now about 7 and 8 years old, were really curious. Daddy and Hank took a bottle of whiskey and a shot glass down to Ole's house with the grandsons following, giggling but terrified. Once inside the dark cabin, the men declared Ole's ghost was behind the old wood stove. There in the dark Papa John and Hank gave themselves a couple of healthy shots of whiskey, came out with the empty glass and declared to the boys that Ole's ghost had really appreciated the shot of booze. The boys were horrified! The glass was empty! Ole's ghost was really there!

Next time, the story of the shootout in Inner Harbor.

## From the Commissioners Desk

by John Austin, Jefferson County Commissioner

On May 1 Carl Smith started his service as the County's new Director of Community Development. He replaced the long-serving Al Scalf who retired late last year.

The Department of Community Development (DCD) deals with the county land use regulations, reviews building permits and engages in long-range planning for the county. Currently, the Department has about 14 staff members but the department could grow larger when there is more construction.

Carl went through an arduous vetting process with multiple interviews from community members, including builders, farmers, realtors, business professionals and county staff. After a strong endorsement by these representatives, he was selected by our County Administrator, Philip Morley, for final appointment by the Board of County Commissioners.

Carl earned a Master's degree in Environmental Planning and a Bachelor's degree in Biological Science. He has additional training and membership in relevant organizations, such as American Institute of Certified Planners (AICP) and Leadership in Energy and Environmental Design Accredited Professional (LEED AP). His prior work has been in Tacoma, Fife, Issaquah and Alaska, Carl will not need to move; he has a home in Quilcene.

Carl already has demonstrated a strong interest in collaborative planning with community members and has met with organizations such as the Chimacum Grange. He was introduced to Port Ludlow at the PLVC meeting in May by David Wayne Johnson.

## Crab Raking in Puget Sound

by Eline Lybarger, Contributing Writer

Several weeks of cold, wet, windy winter weather had kept Ray from his favorite activities: golf and retrieving edibles from the sea. Then the phone rang, "Hey let's go catch some crab." Ray responded, "I'm not taking the boat out in this wind." We'll rake them was the reply. This was the first I had heard of crab raking.

There are a few basics. It must be crab season. You must have a license and you take only legal-sized crab. You also need a minus tide that exposes the sea-grass where

*continued on next page*

*Crab Raking* continued from previous page

the crab hang out until the tide comes in again. Even with a minus tide, you are still dealing with one to three feet of very cold water.

Crab raking isn't a popular sport because the season and the tides don't come together until after dark in winter, which requires special preparation. On Ray's head was a wool hat; over that was a hat with ear flaps and a chin strap. Next was a turtleneck, wool sweater, down vest and down coat. The feet require several layers of thermal socks, wool socks, then long underwear quilted pants, topped off with chest waders, warm gloves and heavy waterproof gloves. A miner's light crowned his head; a crab measurer and license dangled around his neck. A bucket in one hand, rake in the other, and an oral antifreeze stashed in a pocket and he was ready. Also, it is a good idea to do crab raking with a buddy because with all these clothes, if you ever fell over you could not get up by yourself.

Yes, crab were caught, but at this time they were only \$7 per pound at Central Market which is warm, dry, well lighted and open 24 hours a day.

## Here's to Enjoying a Good Cup of Coffee

by Judy Arnold, Contributing Writer

If you find yourself on the Big Island of Hawaii near Kona and you have a passion for coffee, head up the twisting Hualalai Rd. to the Blue Sky Coffee Co. You will receive a lively tour and tastes

of three delicious 100 percent Kona Coffees. The 400 acre farm has been in the Twigg-Smith Family for three generations. It lies in the 20 mile area where all Kona coffee is grown at elevations between 1,400 and 3,500 feet. All beans roasted and sold by Blue Sky come directly from their trees, some 100 years old, during the January through May picking season.

The *Arabica* Coffee tree, a relative of the Gardenia, produces fragrant flowers called *Kona Snow* that last for three or four days. Each flower must be visited by a pollinator several times for a berry, called a cherry, to form. The ripe berry is very sweet when raw. Tree growth is maintained at a 15 to 20 foot height. A crooked, wooden, cane-like tool is used to pull branches close so the picker can easily load his or her waist-strapped basket with 30 pounds of berries. Employees work year-round on the

farm doing various seasonal jobs. This allows their families to be more stable at home and school.

Mechanical equipment is used to remove the outer skins of the berry, usually revealing a double bean covered in a parchment-like coating. The covering is burnished away and the beans are spread out to dry in the sun for five to ten days. When dry, they are hot air roasted. Trained roasting specialists control this ten-minute process. Occasionally, about three percent of the time, a single berry is inside the husk. This premium, less acidic and costly bean is called *Peaberry*.

Coffee production is somewhat akin to viticulture in soil and climatic requirements. Both crops do well in gravelly or rocky soil with a pH of 6.5 -7.0. Soil pH indicates the level of acidic, neutral or alkaline content. Weather factors affect the distinctive taste qualities of both coffee and wine. Both crops do well when there is a distinct difference between day and night temperatures. Subtle climate changes can affect the growing habits of both coffee and grapes as it has in South America. Kona has a unique and somewhat drier climate with most rain from January though April or May which is perfect for coffee production.

Buyers beware! Not all coffee called "Kona" is created from 100 percent Kona beans. Legally, if the coffee is roasted with as little as 10 percent Kona Beans, it qualifies for that label. Hence, you could be paying top dollar for an inferior product.

The friendly atmosphere and informative tour provided us with a happy afternoon sipping good coffee under the Ficus, Jacaranda and Avocado Trees with the Hawaiian sun overhead. For more information on this coffee, contact Blue Sky Coffee at [www.konablueskycoffee.com](http://www.konablueskycoffee.com). So, tomorrow morning when you brew up that fresh pot, don't forget to ponder the effort that was put into that stimulating and delicious beverage by agricultural workers, owners and, of course, "Mother Nature".

## Gospel Singer at Community Church

Lillie Knauls.

Provided photo

Miss Lillie Knauls, gospel singer, will be the featured guest at a ladies luncheon at Port Ludlow Community Church on **Saturday, June 2**, at noon. She will also speak

and sing at the church on **Sunday, June 3**, 10:30 a.m.

Miss Lillie, as she is affectionately called, was born in Arkansas but raised in Seattle from age 13. After graduation she worked for the telephone company for 22 years before following God's call to full-time music ministry. She can't remember not loving the Lord and has had Him in her life since a young age. Famous for her alabaster smile and penchant for hats, Miss Lillie has performed with the Edwin Hawkins Singers and the Gaither Homecoming Friends. At the 2007 Dove Awards, she took home the prize for "Traditional Gospel Album of the Year."

Miss Lillie has covered the globe ministering and singing in all nations except those under Communist rule. In Rio de Janeiro, she sang to 200,000 people and in Ghana, to 500,000! Her message is strictly Christ centered.

Port Ludlow Community Church is located at 9534 Oak Bay Road. The phone number is 437-0145 and the website is [www.portludlowcommunitychurch.org](http://www.portludlowcommunitychurch.org).

## Late-Breaking Quarry News

By May 14 everyone in Port Ludlow received a petition to the State Attorney General calling for a roll-back of the entire New Shine Quarry permitting process, a process polluted by due-process errors and the applicant's inconsistent and sometimes erroneous testimony. If you believe that the quarry may harm our environment, cause quarry-truck traffic problems, suppress property sales, or affect your property value, then please take the time to read it. If you concur, submit it now; numbers count. The petition and references are on the internet at [www.PLarchive.org](http://www.PLarchive.org). Extra copies and mail drop-boxes are located at both clubs.

## Cardiac Rehabilitation at Jefferson Healthcare

by Michael Graham, Guest Writer

On July 13, 2011, I found myself traveling to Harrison Medical Center for a triple coronary artery bypass grafting. The surgery was an unqualified success and I was able to return home after five days in the hospital. However, part of my discharge requirements was to enroll in a Cardiac Rehab program six weeks after my discharge. The thoracic surgeon spoke highly of Harrison's cardiac rehab program and strongly recommended I attend.

Fortunately, I was aware that Jefferson Healthcare had a similar program that is also highly rated and opted to travel to Port Townsend instead of crossing the bridge to Bremerton.

Cardiac rehabilitation services are designed to help patients with heart disease recover, return to full and productive lives and reduce the risk of heart disease occurring in the future. Research has found that patients who participate in 30 to 35 sessions of cardiac rehab after a cardiac event have better outcomes for the next four years compared to those who did not attend or attended fewer sessions.

Jefferson Healthcare's program is comprehensive and includes cardiac monitored exercise sessions as well as education on lifestyle changes that help patients manage their heart disease and decrease risk for progression. At completion, every patient is discharged with a diploma and a specific personalized exercise plan.

Patients with the following diagnoses are eligible and can benefit from the cardiac rehab (rehab needs to occur within one year of diagnosis):

- Heart attack
- Angioplasty or coronary stent
- Coronary artery bypass grafting
- Documented ischemic heart disease
- Heart valve repair or replacement
- Stable angina
- Cardiac transplant

If you or anyone you know is a cardiac rehab candidate, contact Judy King, R.N., Cardiac Coordinator, Jefferson Healthcare at 360-385-2200, Ext. 1230.

## Artists' League Features Bobanick

"Lilies."

Photo by Sara Downs Bobanick

Watercolor artist, Sara Downs Bobanick, is the League's June Artist of the Month, and her works will be showcased in the lobby of Columbia Bank, with a reception for her on **Wednesday, June 13**.

Bobanick divides her time between Port Ludlow and Tucson, AZ. In both places she is an avid hiker and cyclist, and she says her travels take her to the most beautiful parts of the U. S. Both the Southwest and the Northwest give her inspiration in much the same way, e.g. friends, gardens, flowers, rain, sunshine — they all trigger ideas. "I see paintings and shapes in everything," says Bobanick. Whether in the Southwest or the Northwest, her colors are strong and vibrant with many of her paintings leaning towards impressionism.

This past winter Bobanick discovered digital painting, a new art-form where she can create in a very different way. She started the process with lots of color but is now leaning toward the look of charcoal (without the mess!) with just a spot of color. Bobanick says, "It's exciting to be able to create in this way and I am having a lot of fun with this constantly evolving media." She will have both types of paintings on exhibit this summer in the Port Ludlow Area.

League members and Port Ludlow friends are invited to view Bobanick's exhibit at the "Second Wednesday Reception" from 4:00 - 5:00 p.m. in the lobby of Columbia Bank and from 5:00 - 6:00 p.m. in the Art Gallery adjacent to the bank.

## Learn about Aging in Senior-Friendly Homes

The Port Ludlow Wellness Committee will sponsor a talk about aging in place with a senior-friendly home remodel. Representatives from three organizations will speak: Aaron Murphy of ADM Architecture, General Contractor Jack Osborn of Certified Aging in Place Specialists (CAPS), and Marv Segar, Coordinator of the Boeing Bluebills Fall Prevention Program. The talk takes place on **Wednesday, June 6** from 6:00 to 8:00 p.m. at the Bay Club. The forum is free of charge and no registration is required. For more information, contact Tom Boughner (Home Instead Senior Care) at 437-9884.

The speakers will talk about the simplest and most economical changes, such as grab bars and ramps, before discussing more complex changes, such as complete kitchen and bath remodels and elevators. More extensive remodeling and design options will be covered by Jack Osborn and Aaron Murphy.

Numerous surveys, including one by AARP, conclude that 85-90 percent of seniors want to age in place — in their own homes. Port Ludlow seniors are also opting to remain in their homes longer than they originally planned. Minor remodeling options can go a long way to allow them to do that. Marv Segar will discuss these options. Don't miss this opportunity to educate yourself about how to address your future residential needs with confidence.

## Brain and Aging Study Group Ongoing

by Kathleen Traci, Contributing Writer

The Port Ludlow Wellness Committee Brain and the Aging Study Group is meeting on the second and fourth Mondays of each month at the Bay Club from 4:00 to 5:00 p.m. Meetings are devoted to viewing and discussing the lectures from a Great Courses DVD about how to keep the brain active. Members are encouraged to share journal articles about healthy activities for the brain with fellow members.

There are no fees for group membership and the Bay Club's non-member use fee is waived. Attendees should sign in at the Bay Club reception desk and select the Port Ludlow Wellness Committee's Brain and Aging event. Currently, members are meeting in the Bay Club's Conference Room.

If you are interested in attending these Brain and Aging Study Group meetings, please contact Kathy Traci, 360-301-5378, [tracipkt@aol.com](mailto:tracipkt@aol.com).

## Bluegrass, Barbecue and Brews

by Barbara Wagner-Jauregg, Guest Writer

The Port Ludlow Arts Council's "Bluegrass Hootenanny" on **Saturday, June 23**, features lots of pickin' and singin' with contemporary bluegrass music by Frank Solivan and Dirty Kitchen, a gourmet barbecue buffet supper catered by Joann Saul of Dream City Catering and locally-crafted beer from Port Townsend Brewery. In a spirit of encouraging local entrepreneurs, this indoor-outdoor dinner concert also features handcrafted sparkling hard ciders and spirited fruit wines created by Keith and Crystie Kisler of Finnrivier Cidery and locally-grown salad greens from Zach Wailand and Haley Olson, owners of Dharma Ridge Farm.

An all-inclusive \$25 Hootenanny ticket not only buys dinner but also three sets of bluegrass—lightnin' fast pickin', singin' and complex arrangements. One reviewer said Solivan "plays like a man possessed, shredding his mandolin runs and blazing through red-hot fiddle solos."

Seating for dinner will be in tents on the Bay Club grounds as well as in the auditorium. Admission begins at 5:00 p.m. After selecting your table and purchasing beverages, you can collect your buffet supper. At 6:00 p.m. Solivan and Dirty Kitchen will perform on the auditorium stage with outside speakers for those seated in the dining tents. No one will be admitted to the concert without a dinner ticket.

The Bluegrass Hootenanny is a celebration started by people on farms and in small villages to celebrate good crops and good friends with tasty food and folk music. The Arts Council is underwriting this audience-appreciation event to thank the community for its support through the past 20 years. If you would like to help the Council put on this totally new event, contact Sue Ryan at 437-7996 or [ksryan@ecryan.com](mailto:ksryan@ecryan.com) to volunteer.

Renewing Performing Arts in Port Ludlow series subscribers have been purchasing tickets during May. They go on sale to the general public beginning **Saturday, June 2**, at the Bay Club.

## iPad and iPhone Classes Offered

You have an iGadget, but you don't really know how to get the most out of it? Learn the secrets and shortcuts to customize your device to work for you. Beverly Walker, Port Ludlow's resident expert, will be teaching beginning and advanced iPad and iPhone classes right here in Port Ludlow. There is no need to travel to get the help you need, no confusing techno-lingo, just hands-on experience.

**iPad/iPhone 101: Thursday, June 7 or Tuesday, June 19** from 10:00 a.m. to Noon.

This beginning class will introduce you to your iPad/iPhone and will enable you to become proficient in most areas of basic operation. We will cover settings, taking pictures, organizing and entering data, texting, FaceTime, updating and backing up with iTunes and iCloud, as well as down loading "apps." There will be plenty of time for a question and answer session as well as help with individual problems.

**iPad/iPhone 102: Thursday, June 21** from 10:00 a.m. to Noon.

We know how the iPad/iPhone works, now it is time to put it to good use. We will learn how to get library books by downloading the app and actually get a book (a library card is required to check out a book); the power of the many different photo apps to enhance, optimize, edit, crop and create slide shows from your own pictures; game apps; apps for shopping; pdf files; voice command apps; productivity and business apps; the bookmark bar on Safari; video streaming; and all about scanners and their usefulness.

All classes will be held at the Beach Club in the Gazebo Room where you will be able to see what the instructor does on a large screen TV. The cost for each two-hour session is \$30; the cost for both the 101/102 sessions is \$55. All devices should be updated to iOS5.1 before class. Contact Beverly for instructions on how to do this if you have any problems.

Beverly also offers private, one-on-one instruction for \$35/hour. For further information, please contact Beverly Walker at 437-0876 or email [biwalker@aol.com](mailto:biwalker@aol.com).

## Join the CEA to see Anne of Green Gables

Please join the Community Enrichment Alliance (CEA) outing on **Saturday, June 23**, at 8:00 p.m. to see this much loved story performed at the historic Port Gamble Theater.

Tickets can be purchased at [www.portgambletheater.com](http://www.portgambletheater.com) or by calling 360-977-7135. Admission is \$15 for adults and \$12 for seniors.

We will meet at 6:00 p.m. for dinner in Port Gamble at Mike's Four Star BBQ. In order that we may all sit together, please call Marilyn Durand at 437-7677 to let her know you will join us.

## Coffee with Hospital CEOs Well-Attended

by Kathleen Traci, Contributing Writer

Approximately 100 residents attended the Port Ludlow Village Council (PLVC) Wellness Committee Health Forum featuring Mike Glenn, the Chief Executive Officer (CEO) of Jefferson Healthcare Hospital, and Scott Bosch, the CEO of Harrison Medical Center in Bremerton. The Forum was organized by Peggy Schafran. The CEOs discussed the features of their respective hospitals.

CEO Mike Glenn focused on the continuing growth of Jefferson Healthcare. His goal is to operate with 100 percent autonomy and 100 percent local ownership while profiting from their new alliance with Swedish Hospital and its subsequent alliance with Providence Health & Services. Glenn highlighted Jefferson Healthcare's new services in the fields of physical therapy, oncology and orthopedics. Electronic Medical Records (EMR), a challenge for Jefferson Healthcare, will be provided through Providence's EMR system in the future. Glenn addressed the issue of adequate Emergency Medical Services in Port Ludlow and said that his team will address problems with this service. Currently, excellent Emergency Medical Service is provided by Jefferson County Fire and Rescue.

CEO Scott Bosch confirmed that while his hospital is much larger than Jefferson Healthcare, it has some of the same issues. As part of Harrison's attempt to compete with new orthopedic services at Swedish Hospital in Seattle, Harrison has absorbed two orthopedic practices and, in 2013, they will open a 25-bed orthopedic unit in Silverdale. Harrison Hospital currently offers open heart surgery, but is too small to offer services for small babies and burn victims. It currently does not do transplants or neurosurgery. Bosch revealed that Harrison Medical Center is currently evaluating affiliation options. Harrison is operated as a non-profit with a 16-member board. Bosch is concerned about the U.S. Supreme Court's forthcoming decision about President Obama's Affordable Healthcare Act and the ramifications for hospitals.

## Attention, Please!

by Laura Halady, Volunteer Festival by the Bay Chairman

Would you like to help us out with a spectacular festival to entertain ourselves and our out-of-town visitors? We have all kinds of things for you to do, from carpentry to flipping pancakes to getting lunches for the vendors from the Food Court. If you'd like to help us make visitors welcome to Port Ludlow and show them a good time, please contact Laura Halady at [laura@olyopen.com](mailto:laura@olyopen.com) or 301-2929.

## Button, Button, Who's Got the Button?

by Linda Karp, Secretary, Port Ludlow Festival Association

You should have it! This year's "Festival by the Bay" will spread fun from "The Fireman's Breakfast" on **Friday, July 27**, until 3:00 p.m. on **Sunday, July 29**. There will be so many exciting things happening on those days! There will be two concerts this year: "Soul Siren Band" on Friday night and last year's super hit, "The Freddy Pink Band" on Saturday followed by another spectacular fireworks show at 10:00 p.m. Last year's performance had everyone on their feet swinging and swaying.

In order to get through the gates to shop the crafts fair, watch the water events and flyovers, shop the Artists League's Gallery, enjoy the delicious food while listening to music all day long, inspect the cars at the Car Show on Sunday, and walk among the giant machines in the Beach Club parking lot, you must be wearing the 2012 version of the Festival button.

The cost of the button will be \$5 before the event and at the gate. Jina Lankford, Button Chairman for The Port Ludlow Festival Association would like for you to wear your button everywhere you go for weeks ahead to advertise the fun to come. The buttons may be purchased at the following local businesses as of **Friday, June 1**:

- Bay Club and Beach Club
- Marina Store
- The Inn at The Resort At Port Ludlow
- Golf Course Pro Shop
- PLA Office at 70 Breaker Lane
- Dana Pointe Interiors
- Port Ludlow Village Store
- One Cut Above Salon
- John L. Scott Real Estate
- Windermere Real Estate
- Friday Market
- Cucina Restaurant

Button, button, who's got the button? You do!

## Blood Drive Announced

Volunteer to donate blood on **Monday, June 25**, 9:00 to 11:00 a.m. and 11:45 a.m. to 3:00 p.m. at the Port Ludlow Community Church. For more information, call Sally Hirschmann at 437-1377. To make an appointment, please call 800-398-7888.

## AARP Driver Safety Class

There will be an eight hour Driver Safety course sponsored by AARP at the Beach Club on **Tuesday, July 10** and **Friday, July 13**, from 9:00 a.m. to 1:00 p.m. The course is designed to enhance and extend the safe driving experience for people age 50 and older. However, drivers of all ages should benefit from this course.

July and August are designated Teacher/Educator/School Employee Appreciation Months. Driver Safety classes during these two months honor past and present educators who will therefore be eligible to take the Driver Safety class for \$5. There will not likely be another course offered in Port Ludlow during this time so be sure to sign up early for this course. Attendance is limited to no more than 25 people. U.S. military veterans will again be honored in November, as they were last year.

The class will review recent changes in traffic laws, the changing driving environment and the latest in safety equipment in personal vehicles. The course contains information to enable the aging driver to continue to drive safely; there will be an emphasis on collision avoidance, and tips will be presented on how to reduce the chance of injuries in the event of a mishap.

Classes are open to the public. The cost is \$12 for AARP members and \$14 for non-members of AARP. Checks should be made out payable to AARP. If one wishes to join AARP before the class, call 1-888-687-2277 or visit [www.aarp.org](http://www.aarp.org). You will immediately receive a membership number which may be used to secure the discounted class fee. Certificates of completion will be provided.

The Beach Club requests a daily room fee of \$1 per person (please bring exact change). To reserve a place in the class or to ask for further information, call Russ Henry at 437-2250 or email him at [russhenry62@gmail.com](mailto:russhenry62@gmail.com).

## Relay for Life Seeks Team Members in Port Ludlow

Did you know that Port Ludlow has a Relay for Life Team which is part of the American Cancer Society Relay for Life of Jefferson County? We are actively seeking team members/walkers, sponsors and donations. Relay for Life takes place at Port Townsend's Memorial Field on **Saturday, July 28**, at noon, until noon **Sunday, July 29**. Please watch for upcoming fundraisers: a car wash on **Saturday, June 16** and a bake sale on **Saturday, June 30** during the yard sale.

This is a fun event. There are 24 hours of fundraising and activities including walkers, music, food and fun. You should not miss the Survivor walk at 6 p.m., the lighting

of the luminaries and the Wish Lanterns. These are very moving events for all. We all have had friends and family affected by cancer and your support for this event will help in finding the cure. We look forward to your participation.

Please visit the Jefferson County Website at [RelayForLifeofPortTownsend.org](http://RelayForLifeofPortTownsend.org) or contact Co-Captains Joana King-James, 437-4115 or Cheryl Wheeler at 437-8221.

## Village Phone Directory

by Tom Stone, PLVC Phone Directory Committee

Our new red Residential and Business Listing directories are really selling fast. Why, you may ask? The answer is that it's a great product with many new features plus it's only \$10 at the Bay Club or the Beach Club.

Some of the nice new features are:

- A new red binder that's easy to find and conveniently sized. We will take back your old blue binders. Just bring it to one of the clubs.
- A brand new Port Ludlow Street Map and Hiking Trails is included.
- An easy-to-use General Information section with handy to find key phone numbers.
- A condensed Emergency Services section with a listing of things you need to know and do to prepare in case of an earthquake.
- Easy-to-read white pages that include residential listings and local businesses. We used a combination of databases to collect this information. Not all residents are listed as we honored their requests to exclude their information.
- A Yellow Pages section that has listings by business types that makes it an excellent reference. Many new commercial companies are listed that would like our business.
- A new money-saving Coupons section with 35 coupons that can recoup the cost of the directory. It's worth your while to read through this section and clip out and use these coupons.

## Opening Day at Friday Market

by Sandie Schmidt, Coordinator

Opening day had the most beautiful weather for over 27 new and old vendors. The community participation was fabulous! Every week this year will offer something different. Cloud 9 Bakery will be serving up Panini Sandwich's for your pleasure. Susan the Brat Lady will be back but not until school is out. If you need a new Port Ludlow Directory, you can purchase one at my booth. See you at the Port Ludlow Friday Market!

Total Mutual Aid	4

## From Interim Chief Brad Martin

This month the Port Ludlow Fire and Rescue has concentrated on finding ways to economize. To that end, Board of Commissioners Representative Ed Davis, Union President McGuffey and Vice President Kosiuga, community member Mike Forrest and I met. Together, we made substantial progress toward reaching our economic objectives.

An overview of measures designed to reduce our expenditures includes the following. I continue to re-evaluate and prepare a revised 2012 budget to the Board of Fire Commissioners. I have evaluated and negotiated contracts with our vendors and service companies for consistent group discounted rates for supplies and services. We have recently installed a fueling station at our main fire station, which will allow us to purchase fuel at a bulk rate, saving us considerably on the per gallon rate. In addition, we will dramatically reduce the cost associated with driving to get the fuel. Duty crews have been tasked with cutting costs in daily operations and maintenance. I have sought out revenue opportunities that the Board of Commissioners is evaluating. Finally, we have begun the process of staff reductions.

Grant opportunities become available toward the end of the year. However, details of the grant obligations and the availability of federal funding will affect the chance of obtaining them. I continue to work on and submit grant applications at the local level, where we qualify and it would be beneficial for our organization. We are working diligently at containing our expenditures and attempting to seek out revenue sources.

Volunteerism is one factor that can be an immediate impact on the department. We have many opportunities for volunteers and I encourage anyone that would like to help to contact me; I will be more than happy to discuss where you can help. Examples of volunteer opportunities are: administrative (clerical, filing, etc), EMS only volunteer (work on the ambulance, no firefighting involved), traditional (full service firefighting and EMS). If you are interested, contact me via phone (360-437-2236) or e-mail [brad.martin@plfr.org](mailto:brad.martin@plfr.org).

## Sheriff's Report for April

For the month of April, 2012, there were a total of 48 recorded Port Ludlow events known to the Sheriff's Office and 568 events county-wide. The parameters defining Port Ludlow are SR 19, Tala Shore Drive, Oak Bay Road and Olympus Boulevard.

Agency Assist	4
Alarm or Incomplete 911 Call	10
Animal Control	1
Disturbance (unwanted persons, gunshots, etc)	4
Malicious Mischief	1
Miscellaneous/Informational	5
Suspicious Vehicle or Person	3
Theft/Burglary	1
Traffic Incident/Complaint	5
Welfare Check	1
Warrant Arrest	1
Traffic Violations	6
Patrol Requests	5
Civil Assist	1

Let's keep our neighborhoods safe. Contact the Sheriff's Office if you notice suspicious activity and always call 9-1-1 for an emergency.

## Raffle Supports Seattle Children's Hospital

The Port Ludlow Guild of Seattle Children's Hospital will be conducting a raffle in support of uncompensated care for Jefferson County children. Tickets can be purchased at the Friday Market Guild table. Prizes include a night at The Inn at Port Ludlow with brunch for two, including two rounds of golf, a \$50 gift certificate from Central Market, a pizza from Ferino's and much more. Call Dion Watson at 437-0216 for information and tickets.

# Community Meetings

## First Wednesday Luncheon

So you have been meaning to come to the First Wednesday Luncheon but just haven't made it? Well, this is your last chance for the season. Our final luncheon will be **Wednesday, June 6**, 11:00 a.m. at the Bay Club. You will be entertained by our own pianist, Kathie Sharp. Her program is called "My Favorite Things" and she hopes her pieces will be your favorites as well.

Kathie's varied career has included teaching music privately and at Seattle Pacific University, performing with the Emerald City String Quartet and Java City String Quartet, and she is founder and Music Director of Parnassus Summer Music Series. She has soloed with the Everett Symphony, Port Angeles Symphony, Seattle Philharmonic, both the Thalia Symphony and Chamber Orchestras, Salem Chamber Orchestra and Olympic Youth Summer Symphony Orchestra. She has also collaborated with Kathy Morrison as part of a duo piano team for over 25 years.

Once again, the lunch will be provided by the Food Committee. Instead of paying for your lunch, we ask that you make a donation to the Food Bank. This month we are requesting the following donations: kitchen, bath and other paper products. Of course, cash or checks are much appreciated.

Remember, we are "green" this year, so please bring your own table service (plate, silverware, napkin, cup, etc). The money saved can then be donated to the Food Bank.

## Book Club

On **Tuesday, June 12**, 6:30 p.m. at the Bay Club, the Book Club will again welcome author Carol Wiley Cassella to discuss her second novel, *Healer*. Dr. Cassella is an anesthesiologist, the mother of two sets of twins, and a warm and engaging individual.

This novel takes you from a storybook existence on the shores of Lake Washington in Seattle to a rustic cabin in eastern Washington where Claire, a trained physician who has never practiced medicine, must make a home, get a job, find a way to heal deep wounds in her relationship with her husband, and keep her adolescent daughter on track. Claire finds work in a health clinic in Hallum where she meets patients and colleagues who reshape her

priorities. She takes in a Nicaraguan immigrant who has a secret quest to find the family she has lost and who leaves an indelible mark on Claire's family.

*Healer* is a story of strength, commitment, and what it means to love and trust, not only family, but also strangers who can touch your heart, open your eyes and mend what is shattered.

The Book Club will not meet in July or August. We will resume on **Tuesday, September 11**, when we will discuss *World without End* by Ken Follett. Everyone is welcome.

For questions, please call Martha Dawson at 437-4167.

## Dine and Discover

Come to the Beach Club on **Monday, June 4**, to hear the history of the Olympic Peninsula's Spruce Railroad as only historian Steven Hauff can tell it. Gain insight into why this rail link, so close to Port Ludlow, was considered important to the country. Follow its construction and the problems encountered. Why was it called the Spruce Railroad? Local hikers will recognize the name as a favorite hiking trail. What will be the fate of this railway, and what problems are still being encountered? Call the Beach Club to sign up to bring a potluck dish to serve at least 10 persons.

Remember to bring your own complete table settings including placemats, dishes, glasses, utensils, napkins and your favorite beverage. A \$2 per person fee will be collected at the door. Doors open at 5:30 p.m.

This is the last presentation for the season. Dine and Discover will resume on **Monday, October 1**. Call Hilda and Michael Cahn at 437-8223 if you have any questions.

## Senior Singles to Dine at Fiesta Jalisco

Senior singles will gather at 5:00 p.m. on **Thursday, June 7** to dine at Fiesta Jalisco, a Mexican restaurant in Port Hadlock. We will order from a wide array of dishes on the menu and maybe enjoy a margarita.

Please contact our host, Jerry, at 379-2855 to make your reservation by **Saturday, June 2**. Since we encourage carpooling, let Jerry know whether you prefer to be a driver or a passenger.

## June Hikes

### Tuesday, June 5: Fort Worden Low Tide Walk

This is a special Tuesday excursion to take advantage of a minus three-foot tide. Walk along the shores of the Salish Sea visible only at an extreme low tide. This will be an easy walk along the beach starting from North Beach in Port Townsend and then into Fort Worden. Meet at the Bridge Deck at 8:30 a.m. to arrange car pools and get directions to the trailhead. Contact Doris Monti at 437-0716 for more information.

### Friday June 8: Upper/Lower Dungeness, aka Hotdog Hike

It's time for the annual hotdog hike. There are two choices of trails: take a moderate 6.4 mile hike or an easier 5.2 mile hike. The groups will hike either the Upper or Lower Dungeness. Bring a snack to enjoy at the half-way point and then return to the trailhead for hotdogs, baked beans and other goodies. Cost is \$3 per person.

Bring your own beverage and folding chairs. Dessert donations are welcome. There will be four start times between 8:00 a.m. and 9:00 a.m. Sign up for one of the four at the Beach Club. Meet at the Bridge Deck at the appropriate time for your start to arrange car pools and get directions to the trailhead. For additional information, contact Bernie Robinson at [bernieandrob@gmail.com](mailto:bernieandrob@gmail.com) or 437-0703.

### Friday, June 22: Bloedel Reserve

We will have a special late gathering time of 9:00 a.m. at the Bridge Deck since the Bloedel Reserve does not open until 10:00 a.m. You will enjoy an easy guided tour around the gardens and woodlands of this 150-acre estate. Admission of \$13 for non-members and \$9 for seniors will be collected at the Bridge Deck. Note that there is no picnicking allowed at the reserve so people may plan to gather at other locations for snacks or lunch after the tour. For information, contact Bob Abiecunas at 301-4446.

### Every Wednesday: Timberton Loop

Walk the 4.5 mile Timberton Loop and enjoy views of the Olympic Mountains and Mt. Rainier. Meet at the trailhead on Timberton Road at 9:00 a.m. For information, contact Barrie Gustin at 437-8025.

## DigitalLife Summer Social

Port Ludlow DigitalLife (PLDL) will hold its Annual Summer Social on **Monday, June 11**, 5:30 p.m., at the Bay Club. Bring an appetizer to share and DigitalLife will furnish the beverage: wine, soft drinks, tea and coffee. Do plan on joining them for an evening of fellowship and fun.

The event starts with a short business meeting to elect the Board of Directors for 2012-2013. A slate of candidates will be presented and nominations from the floor will be accepted. This event is open to the community; however, DigitalLife membership is required to vote.

Other upcoming DigitalLife Special Interest Groups (SIGs) and Workshops in June:

- Office SIG is **Monday, June 4**, 10:30 a.m. – noon.
- Mac SIG is **Monday, June 18**, 6:00 – 7:00 p.m.
- Photography / Pro Show Gold SIG is **Monday, June 25**, 10:00 a.m. – noon.
- Women's Workshop is **Monday, June 25**, 6:00 – 7:00 p.m.

Workshops are held every Saturday morning, 10:30 a.m. – noon. All SIGs and workshops meet at the Bay Club. For information about joining PLDL, contact Mary Ronen at 437-0268 or email [maryr@olympus.net](mailto:maryr@olympus.net).

## Stamping and Paper Arts

You will find us at the Bay Club on **Wednesday, June 20** from 10 a.m. to noon. Barbara Emerson and Paula Davis will demonstrate the various techniques which use both bleach and rubber stamps. Bleach, carefully applied to cardstock or directly to rubber stamps, is yet another medium to make our card-making ideas expand even further. It can be used for shading, lightening, or to completely remove the color from stamping projects. Color can be added back into your bleached designs with chalks, color pencils or markers. For our visitors, card-making supplies will be furnished for a "make and take" card using the bleaching technique. Join us for another interesting and fun card-making session.

Remember to bring "show and tell" handmade cards or paper crafts to share, as well as your bargain-priced used stamps and supplies for others to see and purchase.

For those who have a Big Shot or other type of embossing and die cut machine, we will continue meeting the day before our regular meeting day at the same club. That will be **Tuesday, June 19** from 10 a.m. to noon at the Bay Club. For more information, contact Barbara Emerson at 437-7800.

## Garden Club Tours Bloedel Reserve

Visit the beautiful Bloedel Reserve with the Port Ludlow Garden Club members on **Wednesday, June 13**. Mark your calendars now for this very special tour.

The Bloedel Reserve is a national treasure located on 150 acres at the north end of Bainbridge Island and has something for everyone. Whether you want to walk with a docent to learn more about the estate's history or wander on your own past the mansion and through the Japanese Garden, you will leave feeling renewed. There is a short walking tour of nearly a mile as well as a longer tour of approximately two miles. In either case, comfortable clothes and shoes are a "must."

Because of limited parking at the Reserve, carpools will be formed at the Bay Club parking lot starting at 9:30 a.m., departing at 10:00 a.m. sharp.

No food or drinks (other than bottled water) are allowed on the Reserve grounds, so be sure to have a good breakfast before arriving.

In addition to the \$5 charge for non-Garden Club members, the following charge applies: Reserve admission is \$9 for those over 65, \$13 for adults. Bloedel Reserve members are free and can take up to 3 guests at no charge.

To sign up for the garden tour, or if you have questions, please contact Garden Club members: Jan Abiecunas, (970) 227-6503; Barb Nobles, 437-9613; or Susan Shelton, 437-1125.

## CEA's Port Ludlow Antiques Roadshow

We all have "old things" around the house and on **Saturday, June 16** from 10:00 a.m. until 4:00 p.m. at the Bay Club, you can find out if they have value, history or if they're simply of interest. Be sure to mark your calendar.

Appraisers, notably Chester Prudhomme from Port Townsend, will be on hand to evaluate a wide range of antiques and collectables. Specialty categories include guns and firearms, fishing rods and reels, coins and currency, 19<sup>th</sup> Century Chinese art, glass and bric-brac, fine art, jewelry, pottery, music, records, pop culture art, books, watches and entertainment memorabilia, classic cars and motorcycles.\*

Our specialists will provide you with a verbal history and a value range. Volunteers from the Port Ludlow Computer Club will search online at the request of the specialists. You

are welcome to take notes but there won't be time for written appraisals. Boeing Bluebills will help with heavy items.

This Roadshow will feature "Cash for Gold," a booth where residents actually will be able to receive cash for unused and unwanted scrap silver and gold jewelry, coins and silverware. Items will be tested and weighed and you will be offered top dollar for your items on the spot.

Admission is limited to those bringing items to evaluate. Be prepared with cash or check to pay the entry fees which are \$25 for one to three items and \$15 for each additional item. Attendees who sell their items at the "Cash for Gold" booth will have their entrance fees refunded.

The Antiques Roadshow will benefit the Community Enrichment Alliance (CEA) Chimacum High School Scholarship Fund. Please contact Teresa Forrest if you have any questions.

\*Classic vehicles will be evaluated by appointment between 9:00 a.m. and 10:00 a.m. in the Bay Club parking lot. Please call Teresa Forrest at 437-1191 for an appointment.

## Encaustic Artist Carrie Goller Speaks at Artists' League

The Port Ludlow Artists' League is pleased to have Carrie Goller as speaker and demonstrator at their **Wednesday, June 20** meeting. A Pacific Northwest native, Goller recalls being advised as a child to pursue a career in fine art, but believes that her battle with breast cancer provided the stimulus for her to become a serious and dedicated artist. "Art has become a necessity for me. It's both work and play, exhilarating yet restorative. It's where I find balance," states Goller.

Goller is lured by simple, yet sensuous, organic forms and the intoxicating realm of vibrant colors, shapes and textures found in nature. She transitions easily within a wide range of genres and media, including oils, encaustic (molten pigmented beeswax), watercolors, pastels and charcoal. Although she is experimental, Goller gravitates toward the classical and asserts that there is always much more to observe and learn. The artist's sincere approach to the subject matter can be evidenced from her tender still-life portrayals along with a passion for rendering portraiture from vintage photographs, working from damaged photos as small as 2 inches x 3 inches.

Nine galleries in Port Townsend, Poulsbo and Bainbridge showcase Goller's work, which is in both U.S. and international collections. Additionally, Goller is one of 500 world-wide signature members juried into Artists

*Artist continued from previous page*

for Conservation Foundation, a non-profit international organization dedicated to the celebration and preservation of the natural world.

Guests are welcome to attend this monthly meeting, social time and program at the Bay Club on **Wednesday, June 20**, at 1:00 p.m. A guest fee of \$5 may be paid for an individual meeting, or dues of \$30 will provide a year of inspiring programs for art lovers and artists of all levels. More information can be obtained by contacting President Wanda Mawhinney at 437-9081 or by e-mail at [mawhinneyw\\_w@msn.com](mailto:mawhinneyw_w@msn.com).

## Out to Lunch Bunch

Join the Community Enrichment Alliance (CEA) on **Thursday, June 21**, at noon for lunch at the historic Port Gamble General Store and Cafe located at 32400 Rainier Ave. N.E. in Port Gamble.

Housed in the historic general store, the café also shares space with the Sea and Shore Museum and the Port Gamble Historic Museum. The store has served the community since 1916.

The café features handcrafted contemporary comfort food using local and organic ingredients whenever possible. Try a Portobello mushroom sandwich or a meatloaf melt with sweet potato fries. We will order from the menu and separate checks will be provided.

Sign up at the Beach Club, the Bay Club or at [www.ceainfo.org](http://www.ceainfo.org) or call Fran Bodman at 437-5110. For more information about this historic store and café, check out [www.portgamblegeneralstore.com](http://www.portgamblegeneralstore.com). We hope to see you there.

## Cards for the Troops

The Stamping and Paper Arts Group would like to say a great big thank you once again to the many generous people in our community for their wonderful donations of brand new cards, envelopes and card fronts which can be recycled and made into new cards for our Cards for the Troops project. Every week there are always cards at either the Bay Club or Beach Club for us to collect. One very generous benefactor loved the idea of our making and sending cards to the troops and donated over 800 pieces of bright and beautiful new cardstock, which will go a long way for our card-making endeavors.

By the time you read this article, the count so far this year for cards that have been boxed up and mailed from here to Oregon Coast Avid Stampers (ORCAS), our Dispatcher, is

2,018, of which 350 were handmade by this Stamping Group. Your continued generosity will help us exceed last year's total of 4,000 cards sent to our military troops overseas.

We are proud of this community for supporting our military members in this thoughtful and generous way. The cards are delivered not only to our troops serving in war zones, but to service men and women serving on ships and places where greeting cards are not easily obtained. Their letters of appreciation reward all of your and our group's efforts to keep this project alive and well in Port Ludlow. Thank you again.

## The CEA Book and Media Sale

Donations are needed for the annual Community Enrichment Alliance (CEA) Book and Media Sale. It will be held on **Saturday and Sunday, September 1 and 2**. All funds raised from this sale will be donated to the Community Enrichment Alliance Scholarship Fund. Watch for more details in the August *Voice*.

Hardback books and paperbacks in good condition are needed for the sale. We will also collect DVD's, CD's, books on tape and other forms of media. Puzzles and board games will also be accepted.

Donations will be accepted after **June 1**. Please contact Sharon Commander at [cmdrs@cablespeed.com](mailto:cmdrs@cablespeed.com) or phone her at 437-2486. Collection boxes will be available at the Beach and Bay Clubs starting on **July 1**. For questions about donations, please contact Pauline Stearns at [stearns@cablespeed.com](mailto:stearns@cablespeed.com) or phone her at 437-5123.

## Choochokam Arts Festival

You are invited to join the Community Enrichment Alliance (CEA) for the Choochokam Arts Festival in Langley on Whidbey Island. The date is **Saturday, July 7**. We will stroll the waterfront and enjoy the cafes, music, art and shops. Reservations for the ferry are required for the Port Townsend-Coupeville run and you will be responsible for making your own reservations at [wsdot.wa.gov/ferries](http://wsdot.wa.gov/ferries).

This is an event that you won't want to miss so invite your friends and neighbors and plan to attend. For all of you who would like to follow the art show with a group dinner, we plan to dine at Gordon's on Blueberry Hill in Freeland at 4:00 p.m. A limited number of dinner reservations have been made and your \$20 check will hold your reservation and will be returned to you at the restaurant. You can sign up at [ceainfo.org](http://ceainfo.org) or call Ginger at 437-8059 after **Wednesday, June 6** for further information.

# Port Ludlow Village Council

## Port Ludlow Village Council (PLVC) Report

by Vicki Tallerico, Secretary

Acting President Tony Durham called the Thursday, May 3 meeting of the PLVC to order at 3:00 p.m., in the Beach Club. Other Council members present were Laury Hunt, Pete Leenhouts, Ned Luce, Larry Nobles, Lois Ruggles, Pat Traci and Elizabeth Van Zonneveld. Absent were Don Thompson and Art Zoloth. A quorum was declared. The meeting was recorded. Eight residents attended the meeting and Acting President Durham welcomed them.

### Council Actions and Committee Reports

**Secretary's Report:** A motion was made, seconded and passed unanimously to accept the minutes in second draft for the PLVC General Meeting for April 5.

**Treasurer's Report:** Due to the absence of Don Thompson, no report was submitted.

**Council Membership:** Tony Durham announced the resignations of Jim Boyer from the Council and Pete Leenhouts as current President. Elizabeth noted that, with Jim resigning from his position and the seat that wasn't filled at the time of the election, there are two vacant North Bay seats. The members need to fill these seats to have proper representation. Following a discussion, a motion was made, seconded and passed unanimously to accept Tony Durham as Interim President and Elizabeth Van Zonneveld as Interim Vice President.

**Special Guest Speaker:** President Tony Durham introduced Department of Community Development (DCD) Representative and Port Ludlow Lead Planner, David Wayne Johnson. David gave a brief summary on the Iron Mountain Quarry Permit. David reported that they are waiting for more information from the applicants for the Stormwater permit. They do not know when to expect it or how long it will take to review it. Once the permit is issued, there will be a 21-day response period.

David introduced special guest Carl Smith, Director of DCD for Jefferson County. David gave a brief resume of his past experience and qualifications.

**Old Business:** David Armitage gave a report on the Resident and Business Directory. There are a total of 750 directories completed and ready to be sold at \$10 each, a price that is below the cost of producing them. Residents can purchase their new directory at the Beach and Bay Club, the Friday Market starting on May 11, or by contacting the committee members. The total income

## Port Ludlow Village Council Meetings

### General Meeting

**Thursday, June 7**

3:00 p.m., Bay Club

### Workshop Meeting

**Tuesday, June 19**

3:00 p.m., Bay Club

[www.plvc.org](http://www.plvc.org)

from selling Yellow Page advertising was \$19,181, less the total cost of producing the books leaves a current balance of \$5,700. The total net profit for this project has the potential to be approximately \$13,000 to \$14,000 depending on the total sales.

The PLVC would like to extend our thanks to the members of the Port Ludlow Phone Directory Committee for their commitment to this project: Chairperson David Armitage, who ensured the project was organized and set the deadline for the committee, Peter Tallerico for an outstanding sales effort, and Elizabeth Van Zonnefeld for her billing and collection abilities in order to ensure the financial progress stayed unswerving. David Goudie was thanked for his excellent computer skills and graphic design work, a major contributor to the success of this project. Bob Azen, Bob Force, and Diane Purdy contributed to the organization of the book and assured the general and residential information was accurate at the time of publication.

Tom Stone worked to reference the non-affiliated residents and contributed to the ongoing promotion/sales efforts in order to sell the directories. Tom Stone reported that there are still unaffiliated members not associated with North or South Bay that will not be in the resident white pages of the book.

Any future reporting on this project will be from either Tom Stone or Bob Azen.

**Iron Mountain Quarry (IMQ) Committee:** A committee including Sub-Chairperson Lois Ruggles and committee members Bev Browne, Pete Leenhouts and Elizabeth Van Zonneveld was appointed to review and edit the report. The report was presented to be voted on for adoption. A motion was made to receive the document detailing the history of the Iron Mountain Quarry project near Port Ludlow as of the present date and to revise the report as required. The report is titled Ad-Hoc

*continued on next page*

*PLVC continued from previous page*

Report Revision 2, dated April 26, 2012. The motion was seconded and following a discussion, a vote was taken and the motion was declined to receive the sub-committee’s report with revisions in the future. A motion was made and following a discussion, it was seconded, and a vote was taken. The motion to adopt the current version of the report to be posted on the PLVC archives was approved.

**Trails Committee:** Chairperson Larry Scott reported via e-mail that the Talbot Trail is completed.

**Friday Market:** Vicki Tallerico announced that Pete Leenhouts and she received a resignation via e-mail from Coordinator Sandie Schmidt on April 27. Sandie has been the Friday Market Coordinator for the past eight years and with this being her ninth year, she has made the decision to step down to pursue other interests. The PLVC and Port Ludlow residents would like to thank Sandie for giving so much to the community through all her hard work over the years. She has been a real asset to the village, the market, and has been very instrumental in making it such a success.

**Maritime Committee:** Phil Otness reported that there is still a concern for yachts anchoring in the bay for longer than the permitted period of time and disposing of the sewage in the bay. He requested that the Board endorse the two letters concerning the Jefferson County Ordinance No. 01-0106-92 and WAC 332-52-155 that are given to visitors. President Tony Durham and Secretary Vicki Tallerico will work with Phil Otness on this task. Otness also noted that there is still a need for a five-mile speed buoy in the bay. The PLVC is disengaged from this issue and it was recommended that the committee contact the Coast Guard to discuss this matter.

**Announcements:** The next General Meeting of the PLVC will be **Thursday, June 7**, 3:00 p.m. at the Bay Club. The Workshop Meeting is scheduled for **Tuesday, June 19**, 3:00 p.m. at the Bay Club. Information about the PLVC and Port Ludlow is available at [www.plvc.org](http://www.plvc.org). The meeting agenda is posted on the website at least one day in advance.

## Interpretive Trail Status

*by Dick Ullmann, Guest Writer*

One of the best ways to see the beauty of where we live, and learn a few things in the process, is to walk the Interpretive Trail. Most of us have discovered it and many go there on a regular basis. However, the trail suffered a big time “injury” recently when a major washout opened up a

huge hole on the paved area near Paradise Bay Road. For a while, this will keep us from walking the trail as a loop.

A number of options need to be explored by Port Ludlow Associates before work can begin on the repair. The washout exposed a waterline which has been used by the Golf Club for irrigation, so that issue will be a part of the discussion. A temporary waterline scheme for irrigation will be looked at, but it’s likely that the washout will be rebuilt with a culvert. This will require a hydraulic permit from the Department of Natural Resources because the work will be done in a streambed. Work will not be allowed until after July.

But don’t despair; there’s a silver lining in all of this. Be creative! As you walk through the Native Plant Garden and approach the trail, turn left or right for an in and out walk. You will walk about as much as you did on the loop and the bonus is that you will see the trail from a different vantage point, allowing views that, perhaps, were not noticed before. And, even better, you can do an in and out walk on both sides and get double the exercise. Such a deal! Just remember, the trail is still there for us to enjoy in several ways and that’s the silver lining.

## LMC April Board Meeting Highlights

by Vaughn Bradshaw, LMC Secretary

The monthly business meeting of the Ludlow Maintenance Commission (LMC) Board of Trustees was held Thursday, April 26 at the Bay View Room of the Beach Club. The following are highlights of that meeting:

Port Ludlow Associates (PLA) President Diana Smeland presented an overview of the proposed PLA plan for Ludlow Bay Village (LBV). The project includes 42 condominium units around the lagoon, an expansion of the marina and mixed use commercial buildings (residential condominiums, a restaurant, the dock master office, retail space, a yacht club and meeting space). A boardwalk is planned from the Inn to the commercial building. The Harbor Master building will not be demolished until the new restaurant in the commercial building has been completed.

General Manager Brian Belmont expressed appreciation to the Dine and Discover group for their donation of a podium light.

Mr. Belmont is coordinating with Gene Carmody, President of the Port Ludlow Festival, regarding the use of LMC's property and facilities. This year's festival is scheduled for July 27-29.

The Beach Club resumed Sunday operation on May 6, which will continue through September 30. The outdoor pool was scheduled to open on Friday, May 18.

The following committee chairs for the 2012-2013 board year were appointed by President Teddy Clark and approved by the board: Operations Committee (OC), Tom Satterlee; Architectural Control Committee (ACC), Bill Clark; Finance Committee (FC), Ned Luce; Greenbelt Committee (GBC), Jack Rigger (interim); Covenants and Regulations Committee (CRC), Carol Shamhart; Communications Committee (CC), Sue Milner; Elections Service Committee (ESC), Brian Belmont.

Sign up for the *Navigator* online at the above address

Visit [www.lmcbeachclub.com](http://www.lmcbeachclub.com) for more  
complete information

All LMC members are welcome.

Trustee Representatives to LMC standing committees were appointed by President Teddy Clark and approved by the board as follows: FC Treasurer Milner and Trustee Babaian; CRC Trustee Orsborn and Treasurer Milner; OC Trustee Van Zonneveld and Vice President Purdy; ACC Trustee Orsborn and Secretary Bradshaw; GBC Trustee Govert and Vice President Purdy; CC Trustees Govert and Hubbard. Trustee Van Zonneveld will represent the LMC at the Port Ludlow Village Council meetings.

It was announced that the Talbot Trail has been completed. The steps from the beach up to the lawn area have also been completed. Signage will follow soon.

Jefferson County has completed its review of the Iron Mountain Quarry storm water permit and issued a "mitigated determination of non-significance." The Port Ludlow Village Council (PLVC) Iron Mountain Committee is disappointed because there is no provision for sound monitoring or fines for excessive noise. The State Highway Department had recommended ingress and egress lane installation on Highway 104 should the quarry permit be granted. A second traffic review determined that they need not ask for that, and it was not included as part of the mitigation process. An administrative appeal can be filed within 21 days following the filing of intent to permit or issuance of the permit. The LMC board voted to

*continued on next page*

*Meeting continued from previous page*

join with the SBCA board to send a letter urging the State Highway Department to require the mitigation that they had recommended to the County.

The updated Port Ludlow Community Telephone Directory, produced by the PLVC, is now available for \$10 each at the Beach Club, Bay Club and Friday Market.

Review of the Schematic Design (step one) documents for correcting deficiencies in the Beach Club interior electrical system has been completed. Several items in the project scope of work were not identified on the schematic design drawings. In order to continue progress on this urgent project, the board voted to authorize the expenditure of \$3,100 from the Reserve Fund to proceed with design development (step two), once the schematic design documents have been corrected.

The board will hold a community gathering to receive member input on the overall Long Range Strategic Plan and the payment plan for needed repairs.

The board received a written response from the Port Ludlow Drainage District (PLDD) to questions sent to them last month. The board will respond and express further concerns about the size and scope of the upcoming drainage project in the greenbelt area between Swansonville Road and Walker Way from Rainier Lane to Oak Bay Road.

## The Spirit of Summer

*by Teddy Clark, LMC President*

Port Ludlow is at its best this time of the year. Many days we are treated to beautiful mountain vistas and sunlight sparkling off the waters of Port Ludlow Bay. On walks through our neighborhoods, there are so many lovely gardens to enjoy. Ludlow Maintenance Commission (LMC) members work hard to keep their yards beautiful and that truly enhances our community.

The warmer days invite more conversations with neighbors as we garden or enjoy a walk. When taking a walk, be sure to check out the new Talbot Trail, which was recently completed by the Port Ludlow Village Council Trails Committee. We are fortunate to have so many members working on committees and various teams in our community.

The LMC committees are regrouping for the 2012-2013 work to be done in the next year. Our community association committee chairs are developing strong committees with a balance of experienced members and new members with fresh, new ideas.

The Board of Trustees and Committee Chairs are developing goals for the 2012-2013 LMC year. Members, trustees and committee chairs recently gained valuable information at the Annual Board Meeting. See the recent *Navigator* newsletter for a summary of the Annual Meeting presentations as well as the question and answer section. Members who attended the Annual Meeting became better informed about association matters. Additional member updates and opportunities to get involved are planned.

By asking questions, we all learn and develop new ideas together. If you have questions concerning our community association, please call our General Manager, Brian Belmont, or check with a board trustee or committee chair. They will ensure your information is accurate.

Thanks to our great staff, the outdoor pool is sparkling and the Beach Club grounds are beautiful. Be sure to enjoy each day of summer here in Port Ludlow. Catch the spirit.

## Update from the Manager

*by Brian Belmont, General Manager*

During the past couple of years, the Ludlow Maintenance Commission (LMC) has greatly improved the way we communicate with our members. Many articles have been published in the *Voice* and the *Navigator* LMC newsletter to inform our members about the actions of their community association, the LMC. Board meeting and workshop agendas are emailed to our members prior to those meetings. Board-approved minutes are posted on the association's website, [www.lmcbeachclub.com](http://www.lmcbeachclub.com), within days of approval.

In a continued effort to improve communications, the LMC is discussing a redesign of the association's website. It has been nearly six years since any significant design work has been done on the site, and LMC intends to provide better content organization along with improved navigation tools and better methods for member questions and feedback.

Consideration is being given to portioning the website so that there is a public portion and a member's only portion. If implemented, the member's part of the site will be accessed using a password that will be issued by LMC. The password will probably be the same for all members but changed periodically.

Some of what is being considered for the member's only portion of the site is the posting of LMC policies, minutes and possibly monthly financial statements. Governing documents and much of the existing material on the site will remain in the public portion of the site. Other features

*continued on next page*

*Update continued from previous page*

being considered are a weekly calendar of scheduled Beach Club events and the ability to poll or survey the membership on topics where the association would like more input.

Improving LMC's ability and methods of communicating with the membership is of high importance to your association leaders. As the redesign of the website progresses, we will be keeping members apprised of our progress. If you have questions or comments about this article or the work that is ongoing at the Beach Club, I can be reached at 437-9201 or [beachclub@olympus.net](mailto:beachclub@olympus.net).

## Drainage District Confronts Greenbelt Problem

*by Nan Smith and Larry Nobles, Guest Writers*

The regularly scheduled meeting of the Port Ludlow Drainage District (PLDD) on May 10 drew an audience of approximately 100 North Bay residents to hear Commissioners Dwayne Wilcox, Dick Regan and Walter Cairns discuss the Rainier to Oak Bay drainage project. At issue is the construction of a waterway through the greenbelt between Swansonville Road and Walker Way from Rainier Lane down to Oak Bay Road to alleviate flooding on Cascade Lane and Goliah Lane.

The project involves removal of 110 large trees, construction of a drainage canal 20 feet wide with a round bottom and sloping rock-lined sides, which will wind through the greenbelt for approximately a quarter of a mile. Six bids, ranging from \$259,000 to nearly \$600,000, have been received. If the project is approved as bid, the estimated addition to the average owner's property tax bill each year for the next 20 years is about \$17 per year.

Several problems have come to light. The Commission has failed to comply with Chapter 85.06.660 of the RCW wherein a declaratory resolution must be passed and the resolution and a notice of hearing must be posted "in three public places in such district at least ten days before the date of the hearing, hold a public hearing, and pass a final resolution approving the project." Some property owners are concerned about the impact on the popular and scenic Rainier Loop trail and about privacy issues. Others question whether the plan will solve the water problem for the waterfront properties.

After much discussion and resident input, the Commission agreed that it will either e-mail or mail information on the proposed project to all North Bay property owners so that everyone has a clear understanding of the scope, environmental ramifications and costs of what is

proposed. Blocking the project will require at least 40 percent of the drainage district acreage to submit letters of opposition to the project.

The Commission will hold an informational meeting on **Tuesday, June 5** at 7:00 p.m. at the Beach Club. Written protests, questions, and alternative solutions will be discussed at that time. The Final Public Hearing will be held on **Thursday, June 14** at 10:00 a.m. at the Beach Club. At that hearing "the board shall give full consideration to the project and all protests filed" and may make a final decision to proceed, modify, delay or abandon the project.

RCW 85.60.660 states "If protests are filed before said hearing by owners of more than forty percent of the property in said district, the board shall not have the power to make the proposed improvement nor again initiate the same for one year." Written letters of protest must clearly state the basis of the protest and must include the property owners name and address, along with the Assessor's lot number. Send letters to Port Ludlow Drainage District, P. O. Box 65261, Port Ludlow, WA 98365.

## Drainage: The Other View

*by Bruce Van Buren, Guest Writer*

The drainage problem discussed in the Port Ludlow Drainage District (PLDD) meeting in May is real for the residents living by the water. This is a project that has been in the works for over 10 years and is the last major construction project for the PLDD. Other major projects solved the flooding on Montgomery and drainage work to prevent the bluff along the bay from sliding. These projects cost over \$300,000 and, if adjusted for inflation, would be more.

While there will be an impact to the trail as with any construction project, the engineers have made every effort to keep this as natural a wooded area as possible including new plantings to the disturbed areas and foot bridges added to the trail. The result was not just a 20-foot "canal" lined with rock. Nobody wants that.

The addition of about \$17 per year to the drainage district's portion of the average owner's property tax bill each year for the next 20 years is a half-truth. While the assessment to cover cost of this project is approximately \$17, it was stated at the meeting that the present budget can absorb this with no increase in the assessment to property owners. Furthermore, the PLDD feels confident the current assessment will actually decrease in a few years as it turns its' attention to maintenance and not new construction.

*continued on next page*

*Downhill continued from previous page*

Several people wanted the hearing tabled for 90 days. We believe this would have caused bids to be thrown out and the project would have to go out for bids again. My personal experience with bids would mean this project could cost lot owners more. An improved drainage ditch is a sensible solution proposed by experienced engineers.

The “downhill” property owners encourage other residents to become informed about drainage problems in North Bay and attend the scheduled meetings. We are confident that the board shall consider the merits of the project and its impact on concerned property owners.

### North Bay Garage Sale

The North Bay Lot Owners Association (NBLOA) is sponsoring a Garage Sale on **Saturday, June 2**, from 9:00 a.m. to 3:00 p.m. at the Bay View Room of the Beach Club. North Bay residents received information online in May via the North Bay Bulletin, and others may have seen the garage sale posters at the Beach Club and Bay Club. Everyone is welcome; a good home is waiting for those loved items that will provide value to someone else. For more information, call Jamie Bima at 437-9335.

### June Yard Waste Pickup

The North Bay Lot Owners Association (NBLOA) has scheduled a residential yard waste pickup for **Saturday, June 9**. Place yard waste into composting bags ready for pickup curbside by 9:00 a.m. These bags are available at any hardware store or may be picked up free at the Beach Club, but our supplies are limited. Bags available at the Beach Club were purchased with NBLOA funds; additional donations are welcome! Branches can be bundled, tied with string and do not require bagging. Volunteers with pickup trucks, trailers or just muscles and a cheerful attitude are needed. Meet a little before 9:00 a.m. at the Bridge Deck for instructions. ☼

### North Bay Beach Concert

The North Bay Lot Owners Association (NBLOA) is sponsoring a summer concert on **Friday, June 22**, from 6:00 to 8:00 p.m. on the Beach Club lawn. To offset the cost of the band, we will have jumbo dogs with chips and drinks for \$5 per person. Bring your own beach blanket, lawn chairs and other food and beverages. Everyone is welcome. Connect with your neighbors and enjoy our glorious views. For more concert dates contact Bryan Diehl at 437-0602.

### NBLOA Annual Family Picnic

The North Bay Lot Owner’s Association (NBLOA) is sponsoring the Annual Family Picnic on **Sunday, June 24**, from noon to 4:00 p.m. at Kehele Park. It is an opportunity to meet your neighbors and enjoy the park, a benefit of our Ludlow Maintenance Commission (LMC) membership. The NBLOA is providing burgers and hot dogs; everything else is potluck. Bring salads, baked beans, desserts, beverages to be shared and yourselves. There will be pickleball, croquet, basketball, tennis and many other fun activities. Kids of all ages are welcome and the event will go on rain or shine. For more information, call Bryan or Piper Diehl at 437-0602. ☼

## SBCA May Meeting News

by Jen Portz, Contributing Writer

SBCA President Pat Traci called the meeting to order on Friday, May 4, at 9:30 a.m. Directors Tom Claudson, Richard Grieves, Sue Oemichen, Ken Thomas and Sharon Walker were present; Chris Whitehurst was absent. Mike Morgan and Linda Colasurdo of the Bay Club Staff, Recording Secretary Mea Graham and 33 members also attended.

After a quorum was determined, a motion to accept the meeting's agenda with the correction that Traci would report on the PLVC Meeting passed unanimously. Thomas moved to approve the April 13 meeting minutes. Walker said she would vote to oppose the minutes as a motion contained therein regarding the LRP survey was incorrect. She submitted a written statement to that effect. The motion passed 3 to 2 with Claudson and Walker dissenting.

Thomas gave a brief financial report. Grieves moved to accept and it passed unanimously. (This report may be viewed online.) Oemichen advised three letters from members were received: one did not require a response, one regarded issues with the minutes and the survey, and one regarded view maintenance. Traci will respond to the last two.

**Architectural Review (ARC):** Bill Centobene opened a discussion regarding the Design Standards (DS) noting they had been updated to comply with governing documents (see associated article on page 28) as a "living document" would need ongoing updates as laws changed. Walker moved to approve Revision 5 of the DS with the recommended deletion of Appendix A's Item 2 as it was an inadequate example. A lengthy and animated discussion ensued; some audience members requested to see the changes prior to the vote. Grieves moved to "table" Walker's earlier motion; Grieves' motion passed 4 to 2 with Thomas and Walker dissenting. (The document may be viewed online.)

**Facilities Planning:** Grieves advised the Clarke-Whitney Reserve Study had been delayed due to personal issues; it was expected presently. He encouraged members to

review and comment on the Landscaping binder located at the front desk. This is a long-term project being done in small increments beginning with refreshing the circle and area between the kitchen and storage shed. He moved to adopt the Landscape Plan with a change to include appointment of a Master Gardener to oversee contractor work; it passed on unanimous vote.

**Finance:** Thomas noted two ideas for saving money: that signs be placed in the restrooms reminding the last person leaving to turn out lights, and researching heat-pump options. He voiced frustration at finding money for the Renovation Fund. A lengthy discussion ensued regarding the proposed Chili Cook-off. It will be held after the Annual Meeting with Marge Haverstick coordinating.

**Human Relations:** Grieves moved to approve the committee's Charter; it passed unanimously. Traci noted much of this committee's work will be confidential unless there is a vote.

**Long Range Planning (LRP):** Sherry Robinson requested the Board vote to approve Linda Karp replacing Jerry Conover who had resigned; it passed unanimously. Regarding the survey, Robinson advised return envelopes would be numbered to eliminate duplicates, returns would be opened and responses compiled by the committee. A lengthy discussion ensued in which many Board and audience members voiced deep concern regarding what the cover letter would say, what the purpose of the survey was, how and when data would be released, what would be done with the data, who would analyze and interpret it, and the creation and administration of the "focus groups" to look at the information. Oemichen moved to approve the survey cover letter with the addition of a sentence regarding the Process Flow Chart and committee's Charter being available on the website, a date for the raw data to be posted and a statement that information will be analyzed at a future time; it passed unanimously.

**Operations:** Mike Morgan explained membership had dropped to 549 with the loss of one associate.

Six members were in arrears with four foreclosures/

*continued on next page*

*Meeting continued from previous page*

bank-owned properties and two members behind in payment. There will be a flag disposal ceremony on Memorial Day. The club is open Sundays from noon to 4:00 p.m. New phone books are in and cost \$10. The new employee, Biata Simonson, will take the evening and Sunday shifts. Tiles are being replaced on the side and exterior painting attended.

**Other Meeting Highlights:** Steve Shanklin asked that all committee charters be posted on the website. Jarilyn Rust requested meetings be held outside of business hours so those working could attend. Traci noted the final audit report found “no significant problems” with the accuracy of and checks and balances within the system, but with some efficiency recommendations. (It may be viewed at the club and online.) Thomas moved the audit be accepted, it passed unanimously. Morgan opened a discussion regarding the proposed 2013 Budget. Some numbers were still unavailable. Claudson voiced concern over shift reductions and the lack of coverage at the front desk being a possible safety and liability issue; Traci advised the Finance Committee will review this at its next meeting. Thomas opened a discussion regarding the \$1 million liability coverage for the Board; PLVC and LMC currently carry the recommended \$2 million coverage. Traci asked Morgan to secure three bids for the \$2 million coverage. Three Board members’ terms are expiring (Traci, Walker and Whitehurst). Those interested in running for office should leave a message at the front desk by Thursday, May 31. The Annual Meeting will be **Wednesday, July 18** at 3:00 p.m. The Board adjourned at 12:24 p.m. The next regular meeting will be **Friday, June 1** at 9:30 a.m.

## SBCA Long-Range Planning Membership Survey

*by Sherry Robinson and Sue Oemichen*

Mid-June, members of the South Bay Community Association (SBCA) will be receiving their packets for the SBCA Annual Meeting scheduled for **Wednesday, July 18**. The packet will contain the ballot, a financial summary, an invitation to attend the Annual Meeting and the Membership Survey developed by the members of the Long-Range Planning Committee (LRPC).

The LRPC is in the early stages of developing a long-range plan and the purpose of this survey is our initial attempt to gather information from our members. This information will be used to establish discussion groups to address the strengths, weaknesses, opportunities and threats faced by our Community. The ultimate goal is to

create a vision and a mission statement which will then guide us toward a plan for keeping our community a vibrant place to live.

Once the packet has arrived, members will be asked to set aside a few minutes to respond to this important survey. Inside the packet is a separate return envelope addressed to the LRPC which can be mailed, dropped off or brought to the Annual Meeting, the deadline for its return.

Surveys will be opened after the annual meeting and the data will be tabulated by LRPC members. This data will be passed to the Board for distribution to the membership and posted to the website by mid-September. There will be further involvement requested of the membership to join one of the discussion groups. These groups will be open to all SBCA members and led by an unbiased person.

To ensure privacy, the survey contains no identifying information. The feedback from our members is important to us. The committee appreciates the support of this first step toward keeping SBCA a viable and responsive association.

Anyone wishing to review the entire process toward establishing a Long-Range Plan for SBCA or view the LRPC Charter, please visit our website, [www.plsbca.org](http://www.plsbca.org). 📌

## SBCA Architectural Review Update

*by Tom Claudson, Director*

Over the past few weeks many questions and concerns have been voiced by the residents of the South Bay Community regarding the background, responsibilities and authority given to the South Bay Community Association Architectural Review Committee (SBCA ARC). Hopefully, this article will bring to light some understanding as to how the ARC was formed and some information as to how the ARC is currently operating for the benefit of the entire community.

The SBCA ARC, as currently in operation, was constituted as a standing committee by the SBCA Board of Directors on June 18, 1990 in accordance with the Master Declaration of the CC & R’s. The standing committee was adopted having a membership of a minimum of three members and a maximum of five, two of which were to be members of the SBCA Board of Directors. Modifications to the SBCA Design Standards were then made to provide further guidelines and clarifications for the SBCA ARC and the community.

It is important to note that as defined by the Master Declaration of the CC & R’s, the Architectural Review Committee is a standing committee of the association. Section 11.1 of the Master Declaration delegates the

*continued on next page*

*Review continued from previous page*

authority for the appointment and removal of members of the ARC to the governing Board of Directors. The Board of Directors is also delegated the superior authority in all governance matters of the SBCA and maintains the responsibility to act on behalf of the members of the Association. At the same time, the SBCA ARC acts as an independent standing committee conducting its business on behalf of the SBCA membership.

In recent weeks there have been questions within the South Bay Community as a whole as to whether the Design Standards are enforceable as rules of the SBCA and, if so, may the Board of Directors delegate the responsibility and authority for all matters contained within these standards to the SBCA ARC. Also questioned was what authority the Board has over view rights within the community and whether or not there is any liability associated with amending the language of the Standards so as to be consistent with the Master Declaration as it applies to the appeal rights of association lot owners. In answer to these questions, legal counsel has offered opinions that the Design Standards are enforceable and that the Board can delegate these responsibilities to the Architectural Review Committee. Further, the Board has the right to preserve, maintain and enhance views for a wide range of community properties including homeowner lots, Master Association land, common areas and recreational facilities. These rights can and have been delegated to the Architectural Review Committee.

After review of all pertinent documents and legal counsel opinions, the SBCA Board has come to the following conclusions. First, the approved Design Standards are enforceable as rules of the SBCA and the Board has the authority to delegate to the SBCA ARC the responsibility for administering these standards. In addition, the Design Standards language should agree with that language contained in the CC & R's with respect to the appeals process. Specifically, the appeals process allows a lot owner to appeal a decision by the ARC to the ARC. Any decision made by the ARC will be final. The SBCA Board of Directors will, upon request, review the process used by the ARC in making its final decision. A policy will be developed by the Board that explains the review process of a final ARC decision.

## Welcome, New South Bay Members!

Milton (Red) and Shirley Cronk  
George (Jake) Jacobssen

Fairwood Village  
Teal Lake Village

## South Bay Members' Social

Join your fellow club members on **Friday, June 8** at 5:00 p.m. for the South Bay Members' Social. Be sure to bring an appetizer to share while sipping a provided beverage. Let us welcome more of our returning snow birds as we all anticipate the arrival of summer. ☺

## July 4th is Right around the Corner

It is time once again to celebrate Independence Day. We have much to be thankful for, and this day gives us the opportunity to celebrate how lucky we are to be in this wonderful place. Free Spirits will hold its traditional celebration on **Wednesday, July 4** at the Bay Club.

The party will begin at 2:00 and end at 6:00 p.m. There will be barbecued ribs, chicken, hot dogs, potato salad and baked beans. Beverages including beer, wine and soft drinks will be provided, and for dessert, Klondike bars for everyone.

Seating will be indoors and outside, dependent upon the weather. Along with entertainment for all, the children will be treated to games and face-painting.

Tickets may be purchased at the Bay Club. The cost is \$15 for members, \$22 for non-members and children under twelve are free. Ticket sales open to members and their guests on **Monday, June 4** and to non-members on **Friday, June 22**. The last day to sign up is **Friday, June 29**. All members of the South Bay Community Association are welcome to attend. Contact Sherry Robinson at 437-7948 or Teresa Forrest at 437-1191 for more information or if you would like to help with the preparations.

## Design Standards Under Revision

Changes to the current Design Standards have been proposed. To review them, go to the SBCA Website, [PLSBCA.org](http://PLSBCA.org). Comments on the changes will be collected from the residents.

## Olympic Music Festival Season

by Bev Rothenborg, Arts and Entertainment Editor

Our wet spring has turned the grounds of the Olympic Music Festival in Quilcene into a lush green pasture. The picnic tables and umbrellas are ready to be placed around the grounds and the flower gardens will soon burst into bloom with ravishing displays of beauty.

The Mosaic Brass Quintet is opening the season after a very successful concert last year. Many of our long-time favorite musicians are returning along with many new ones. Every weekend beginning **Saturday, June 30** through **Sunday, September 2**, the dairy barn will reverberate with the sound of glorious music.

It is a short scenic drive to the Festival site where the concerts take place. First, choose a picnic spot, leave your supplies and walk to the milking shed to purchase a beverage. If you are planning to sit in the 100-year-old dairy barn, you may reserve your seat when the doors open at 1:00 p.m. There are comfortable padded church pews or hay bales on the main floor or in the loft. You may also sit outside on the grass. Grounds open at 11:00 a.m. and the music begins at 2:00 p.m., so there's time to eat, stroll in the gardens and socialize with friends.

Seating in the barn is by general admission with the following advance prices: Adults, \$30; seniors 62 plus, \$28; students and youth ages 7-17, \$18. Prices at the gate are slightly higher. An economical \$270 Flex Pass to the Barn entitles you to 10 admissions that are transferable and may be used in any combination. Reservations should be made in advance. Lawn seating prices: Adults \$20 and youth \$14, these tickets are sold only at the on-site ticket booth. Children 7 and under are admitted free to the lawn. For purchases, please call 732-4800 or visit [www.olympic-musicfestival.org](http://www.olympic-musicfestival.org) where you also may view the programs for the season.

Please join me and other Port Ludlow devotees in Quilcene at the barn. If I'm still able, you can find me on the top hay bale stage left every weekend!

## Rawson Duo's Season Finale

Join Alan and Sandy Rawson at their Chimacum home on **Friday, June 15** and **Sunday, June 17**, 2:00 p.m., for *Rapsodia Sul-Americana* (South American Rhapsody) when they conclude their current season with music of Peru, Brazil and Argentina. The concert of this violin/piano duo features Andrea Sas' *Cantos del Peru*, based on Inca melodies and indigenous sounds of the Andes, along with works by Heitor Villa-Lobos, contemporary samba music of Celso Machado, *Histoire du Tango* by Astor Piazzolla and concluding with Alberto Ginastera's brilliant and rustic essay of the Argentinian grasslands, *Pampaena No.1*.

Complementary to the wonderful music, Sandy will again apply her love of gourmet preparation for a reception of South American favorites to follow the music.

Seating is limited and arranged through advanced paid reservation of \$22. Checks should be made payable and mailed to Dr. Alan Rawson, 10318 Rhody Drive, Chimacum, WA 98325. For further information, go to [www.rawsonduo.com](http://www.rawsonduo.com) or telephone 379-3449. The e-mail address is [rawsonduo@gmail.com](mailto:rawsonduo@gmail.com).

## Old Time Fiddlers' Campout

Washington Old Time Fiddlers play music at their annual three-day campout at the Sequim Prairie Grange. Musicians learn, teach, jam and perform. The public is invited to attend. The campout will happen from **Friday, June 8 – Sunday, June 10**.

The public is invited to join members on **Friday, June 8**, for a dance that begins with a refresher lesson at 6:00 p.m. On **Saturday, June 9**, musical performances begin at 1:00 p.m. with a second one following at 2:30 p.m. **Sunday, June 10** there will be a gospel performance beginning at 10:00 a.m. The public is invited to all the events.

The events are free, but donations toward scholarships for students and other expenses are welcome. RV parking and camping are available for a small nightly fee. Go to <http://d15.wotfa.org> for more information.

## Performing Arts Calendar

### Friday, Saturday and Sunday, June 1 – 3

*Tony and Tina's Wedding* brings to life the shenanigans and excesses of the Italian-American wedding in an interactive comedy where the theatergoers join in the mad celebration of dancing, singing and clapping. Come hungry for the spaghetti dinner and reception, various times, Bremerton's Admiral Theatre, 360-373-6743, [www.admiraltheatre.org](http://www.admiraltheatre.org).

### Fridays, Saturdays and Sundays, June 1 - 16

"It's a whole lot funny and a little bit naughty, but there ain't nothin' dirty goin' on!" That describes *Nunsensations: The Nonsense Vegas Review* versions of which have run in theaters around the world. Mother Superior agrees that the nuns can perform in Las Vegas for a \$10,000 donation, Jewel Box, Poulsbo, 8:00 p.m., with 2:00 p.m. Sunday matinees, 360-697-3183, [www.jewelboxpoulsbo.org](http://www.jewelboxpoulsbo.org).

### Saturday, June 2

A troupe of multi-talented performers entertains in an evening of totally improvised comedy and song when THE EDGE comes to Bainbridge Performing Arts, 7:30 p.m., 206-842-8569, [www.bainbridgeperformingarts.org](http://www.bainbridgeperformingarts.org).

### Saturdays and Sundays, June 2 – 17

*Fiddler on the Roof* will enchant you at Kitsap Forest Theater's outdoor venue, 10-minute trail to the stage opens at 1:00 p.m., show starts at 2:00 p.m., near Bremerton, The Mountaineers Players, 800-573-8484, [www.foresttheater.com](http://www.foresttheater.com). Food available for purchase or bring your own.

### Sunday, June 3

Bainbridge Chamber Music Series closes its season with a program featuring music by Debussy, Ravel and Berlioz, 3:00 p.m., Bainbridge Performing Arts, 206-842-8569, [www.bainbridgeperformingarts.org](http://www.bainbridgeperformingarts.org).

### Friday, June 8

Visit Port Townsend's Upstage Restaurant to hear two of Hawaii's legends, Ledward Kaapana and Mike Kaawa, perform with slack key guitars and vocals, 8:00 p.m., 385-2216, [www.upstagerestaurant.com](http://www.upstagerestaurant.com).

### Friday and Sunday, June 15 and 17

The Rawson Duo concludes their season at their Chimacum home with music of Peru, Brazil and Argentina based on Inca melodies and indigenous sounds of the Andes as well as contemporary samba music, 2:00 p.m., tickets through advance paid reservation, 379-3449, [www.rawsonduo.com](http://www.rawsonduo.com) or e-mail [rawsonduo@gmail.com](mailto:rawsonduo@gmail.com).

### Fridays, Saturdays and Sundays, June 15 – July 1

*Anne of Green Gables* explores the plight of a young girl who is sent to Green Gables to help run the farm with the Cuthberts who have requested a boy from the orphan asylum; through a misunderstanding, the orphanage sends Anne, 8:00 p.m., with 2:00 p.m. Sunday matinees, Port Gamble Theater Company, 360-977-7135, [www.PortGambleTheater.com](http://www.PortGambleTheater.com).

### Saturday, June 23

The nationally touring bluegrass band, Frank Solivan and Dirty Kitchen, to perform at the Bay Club for a Bluegrass Hootenanny, an indoor-outdoor dinner concert of bluegrass, barbecue and brews, 5:00 p.m., 437-2208, [www.portludlowartscouncil.com](http://www.portludlowartscouncil.com).

### Saturday and Sunday, June 23 and 24

The Jewel Box Theater Play Readings are script-in-hand performances of interesting plays by respected authors; few props, no costumes; lighting and production values are basic, but compelling stories read in dramatic ways, Poulsbo, 8:00 p.m. (Saturday), 2:00 p.m. (Sunday), 360-697-3183, [www.jewelboxpoulsbo.org](http://www.jewelboxpoulsbo.org).

### Thursday, June 28

Two by Two is an intimate evening of duet singing with music from the Great American Songbook and vintage country harmonies, 7:30 p.m., Fort Worden's Wheeler Theater, Port Townsend, 800-746-1982, [www.centrum.org](http://www.centrum.org).

### Friday, June 29

It's a Honky Tonk Dance at the USO Building on the grounds of Fort Worden State Park, Port Townsend, 7:30 p.m., tickets sold at door only, [www.centrum.org](http://www.centrum.org).

### Wednesdays, Thursdays, Fridays, Saturdays and Sundays, June 29 – July 15

Join Key City Cabaret with a celebration of the music of Jaques Brel whose deeply personal lyrics and haunting melodies have influenced everyone. *Jacques Brel is Alive & Well & Living in Paris* performs at various times, Key City Public Theatre, Port Townsend, 379-0195, [www.keycitypublictheatre.org](http://www.keycitypublictheatre.org).

### Saturday, June 30

Country Roots and Bluegrass with Grammy-winning music, American and Irish folksongs and classic country at Fort Worden's McCurdy Pavilion, Port Townsend, 7:30 p.m., 800-746-1982, [www.centrum.org](http://www.centrum.org).

### Saturday and Sunday, June 30 and July 1

The Olympic Music Festival kicks off its 28<sup>th</sup> season with a repeat performance of the Mosaic Brass Quintet performing a wide selection of popular and romantic quintet pieces, Quilcene, grounds open at 11:00 a.m., concert begins at 2:00 p.m., 732-4800, [www.olympicmusicfestival.org](http://www.olympicmusicfestival.org).

## Wild Rose Celebrates 20 Years

Port Townsend's Wild Rose Chorale sings some of its all-time favorites from their 20-year history of a cappella singing. The concerts take place Fathers' Day weekend, **Friday, June 15**, at 7:30 p.m., and **Sunday, June 17**, at 3:00 p.m. Both concerts take place at Grace Lutheran Church, 1120 Walker Street, Port Townsend.

"Thank You for the Music—A 20-Year Retrospective" is the theme of the 10-voice group's anniversary program. Director Leslie Lewis and members of the current group have been pulling out some of their "greatest hits" from prior seasons which will include songs such as *William Tell Overture*, *Dancing Queen*, *Lonesome Road*, *Penny Lane* and *Singin' in the Rain*. Audiences familiar with the Wild Rose Chorale know to expect an eclectic mix of jazz, pop, folk, show tunes—and a surprise or two.

There is a suggested \$12 donation at the door. For more information, call 385-1402 or e-mail [wildrosechorale@gmail.com](mailto:wildrosechorale@gmail.com).

# Port Ludlow Associates

## Social Media Changes

by Diana Smeland, President, Port Ludlow Associates

### Resort News:

Have you “liked” us on Facebook? We currently have three Facebook pages, one each for Golf, Marina and the Inn. We are going to collapse the three into one page that will start fresh in conjunction with our new website and blog. This way it is easier for you to see all of the Resort information without having to search multiple sites. This will also help

us with keeping our postings up-to-date and relevant. If you have not “liked” us yet, and would like to, please go to [www.facebook.com/portludlow](http://www.facebook.com/portludlow). We are also collapsing our Voice pages to one starting with the July edition.

### Website News:

I hope everyone has looked at our new website at [www.portludlowresort.com](http://www.portludlowresort.com). The new website is designed to make your experience more interactive, easy to use and to find exactly what you are looking for. We are very excited about the addition of a more robust construction site coming soon. We will be adding more features, such as a mobile platform, webcams, and e-commerce capability as we move towards a second and third phase of the website.

### Condo News:

We are continuing to meet with small groups and individuals regarding specific questions about the four units available for presale. We now have pricing available on the units. Sign up for information, as we are e-mailing updates often.

In Olympic Terrace II, the Claywood model is under contract, and we are seeing a lot of traffic on the two remaining units. The Elinor, with gorgeous mountain views, is priced at \$339,900, and the Anderson is priced at \$329,900. Make sure to let your friends know about these homes; at the current prices they will not be staying on the market long.

Let me know your thoughts. If you have questions, my direct line is 360-437-8342, or email [dsmeland@portludlowassociates.com](mailto:dsmeland@portludlowassociates.com).

## The Inn at Port Ludlow

by Debbie Wardrop, General Manager

### Community Garden:

The Resort at Port Ludlow is interested in gauging local support for a community garden. Before embarking on this project, we’d like to hear from Port Ludlow residents. As it is currently envisioned, the resort would provide a plot of land, water and fencing, while community members would provide their own gardening equipment and manage their garden plots. The goal is to create a vibrant community space for those who may not have garden space of their own. In addition, we hope to share the fruits of all of our labors, with some of the produce, such as fresh herbs, destined for use in the Fireside.

The resort provides oversight, and one or two community point people help provide day-to-day or week-to-week management on matters such as watering, weeding and harvesting. All community members are welcome. We have nearly a dozen that have expressed interest and will host a gathering in June to further review this idea.

If you would like to participate in the Resort at Port Ludlow’s Community Garden, please contact Debbie Wardrop via e-mail at [dwardrop@portludlowresort.com](mailto:dwardrop@portludlowresort.com).

Bocceball fun at the Inn At Port Ludlow

Courtesy Photo

continued on next page

*The Inn continued from previous page*

**Games People Play:**

The Front Lawn of the Inn is a beautiful, grassy area with spectacular water and mountain views. We now have games available including Bocce Ball, Croquet, Petanque and various lawn games. If you'd like to come and play with us, we hope to see activity there, beginning Sunday afternoons through June.

**Father's Day Grilling:**

Moms got attention in May and now it is Dad's turn! On **Sunday, June 17**, play golf in the morning and forget the honey-do-list for a day. Help Dad find the inner culinarian in a cooking class with Chef Dan. Class begins at 3:00 p.m. with dinner to follow. Learn to cook "low and slow" on your backyard grill. Chef Dan will teach guests how to clean, rub and slowly cook pork shoulder, beef brisket and whole chickens to make them tender and flavorful. Chef Dan will provide recipes for rubs and sauces and teach you how to prepare side dishes, also on the grill. Following the class, share a grilled meal on the Veranda with an optional wine pairing of robust, reds from Argentina, France and Washington. Reservations are required. Call 360-437-7012.

Happy Hour continues, and is drawing crowds. Join us daily from 4:00 to 6:00 p.m. for food and beverage specials.

# Mariners' News

## Dock Talk

*by Kori Ward, Marina Manager*

I'm excited to announce the Marina has received a grant for a new stationary pump out. We have purchased a Sanisailor Sentinel System. With over 1,800 systems in use worldwide and a reputation for quality and reliability, the Sanisailor system is the most trusted name in marine pump outs. By the time this article is in print, the pump out will be installed and operational. If you would like a demonstration on how to use the pump, stop by the marina office.

Now that Opening Day has come and gone, it's cruising that's on the mind of many. Some head north to the relatively close Gulf Islands, or to Deception Sound. Some will explore the south sound areas around Gig Harbor, Grapevine, or Shelton. A few will venture to the Queen Charlotte Islands or beyond. Alaska beckons for several of our mariners. If you are thinking of pointing your bow toward ports unknown, you may want to check out the cruising guides now available in the marina store:

- *Dreamspeaker Volume 1 – 5*
- *2012 Waggoner Cruising Guide*
- *Exploring the San Juan and Gulf Islands*
- *The Burgee Book*

If you are searching for a particular cruising guide, let us know, and we can check with our supplier for availability.

I would like to welcome Stefanie Suydam to our Marina team. Stefanie grew up on a small island off of Kodiak Alaska. Stefanie spent her younger years working on her father's commercial fishing vessel. She then joined the United States Air Force, based in Arizona as a weather observer. Stefanie has tremendous boating experience, along with great customer service skills. Let's make Stephanie feel welcome in her new position; stop by the marina and introduce yourself.

*Stefanie Suydam.*

# Tide and Timber

## From the Desk of the DOG

*by Vito DeSantis, PGA Director of Golf*

Did you take my advice to the golf course last month? Many of you did, and I was happy to hear that most of your results were positive. For those of you that are still struggling with mental discipline, remember, your mind recalls the last image in your head. Be committed to what you want to do. Trust yourself to practice the following: right before you hit your golf shot, whether it be a drive or a putt, look at and concentrate on where you want your ball to wind up. For example, try not to take your stance, look up and say to yourself, "WOW that is a big sand trap!" Instead say, "That's a big green!"

Now, with change on your mind, I'd like to discuss a few changes here at The Port Ludlow Golf Club. We recently switched our Nines. What!?! For those of you familiar with the golf course, you traditionally started your round on Tide #1 at the bottom of the hill just beneath the clubhouse. For the summer and early fall you will start your round on Timber #1. Why you ask? Well, we find it easier to control the first tee this way. When we start play off Timber, we can see the tee. We are able to make sure players are arriving on time and also playing with whom we have them paired. We also believe that being able to see matches finish from the clubhouse patio on Tide #9 is an added bonus.

The changing of the nines is not the only difference you will notice. We will soon be launching a new website along with our other business units. In conjunction with the launch of the new website, we will be collapsing all of our Facebook sites into one singular site (The Resort at Port Ludlow). If you have not friended The Resort at Port Ludlow, do so soon. You will then be able to keep up with things happening not only at the golf course, but Resort wide.

These little changes will hopefully pay big dividends. It will not only help The Resort At Port Ludlow brand, it will also help us manage better.

Don't forget the Mr. and Mrs. Tournament is scheduled for **Tuesday and Wednesday, June 12 and 13**. If you have not signed up, space is still available. Please don't be left out of the fun. Call the golf shop at 360-437-0272.

## Saturday Morning Golf Clinics

Improve your golf through participation in instructional clinics available only to members of the Port Ludlow Golf Club. The clinics are offered Saturday mornings at 10:30 a.m. June through October for \$10 per session. Sign-up sheets are in the Golf Shop.

The classes are:

**June 2** – bunker shot

**June 16** – chipping

**June 30** – drivers

**July 14** – pitching

**July 28** – putting

**August 11** – full swing

**August 25** – chipping

**September 8** – bunker shot

**September 22** – pitching

**October 6** – full swing

## Couples' Shamle Golf

*by Kathy Traci, Lady Niners Captain*

New this year is Nine-Hole "Shamble" Golf for member and non-member couples. In a shamle, both members of the couple team hit a drive and select the best drive. Regular play for each person proceeds from the best drive position. Entry fee is \$5 per person for the entire season. Shamle Golf couples may join the group any Saturday, May through September.

To be eligible for non-cash prizes in October, a couple must play at least ten times during the season. Each couple will keep score for the other couple in the foursome and signed scorecards need to be dropped off at the clubhouse Pro Shop desk. The ten best scorecards will be used to calculate a combined couple score, and a seasonal average of these ten scores will be used to award prizes at the end of the season celebration.

Please arrive promptly at 1:15 p.m. at the practice range to place your team's unique golf ball in a cap; two balls will be selected for the first foursome until all of the foursomes are formed. If you are a member, please remember to check in at the clubhouse prior to play. If you are a non-member, pay your nine-hole greens fee and your cart fee at the clubhouse.

## PLWGA Announces June Activities

by Lucinda Thompson, Captain

Port Ludlow Women's Golf Association (PLWGA) welcomes its newest members. We have a bumper crop this year. Welcome to Elaine Raymond and Wendy Ramsey and a rousing welcome home to all our snow-birds. It's nice to have you back.

At the time of this writing, the Spring Tournament is past. It was a splendid event, very well attended and the weather cooperated – a golf miracle. Beth Weaver and her committee did a wonderful job putting it all together with a cowgirl theme, down to baked beans, s'mores and songs around the (virtual) campfire.

We have loads of activities coming up in June. We begin with a couples event on **Sunday, June 3**, and then jump right into Captain's Cup. Sign up for this fun match play tournament now at the Golf Shop. The middle of the month finds us immersed in the Mr. and Mrs. Tournament, a perennial favorite for the members. And we wrap up the month with a Play Day Away and the ever-popular Gold Mountain Invitational (for those of you who got their entry in early enough).

We are all still getting used to having the nines switched at the Golf Course. This was done for a number of reasons, not the least of which is that it is really fun to watch people play up Tide 9 for a big finish. Also, the Pro Shop is getting new merchandise in all the time, so be sure to go up and take a look. Play well and keep it fun!

## Sign up for the Komen Rally For The Cure

by Carol Katuzny, Rally Coordinator

The Susan G. Komen Rally for the Cure Golf Tournament will be held at the Port Ludlow Golf Course on **Thursday, July 12**. The sign-up sheet is posted at the Golf Shop. Sign up early since the field is limited to 80 players.

The 9-hole tournament is open to all golfers. Sign-in begins at 7:30 a.m. A group photo will be taken at 8:30 a.m. and a shotgun start begins at 9:00 a.m. Lunch will be served following golf at the Bay Club. Non-golfers may sign up for the lunch at the Pro Shop and also on the Bay Club and Beach Club bulletin boards. Fees for golf are \$45 for Port Ludlow Golf Club members and \$65 for non-members. They include cart, green fee, prizes, a one-year magazine subscription, lunch and an opportunity to participate in the raffles and door prizes at lunch. Our raffles and door prizes will have something for everyone.

This year the Rally is open to both ladies and gentlemen. Mulligans eliminate fear of landing in sand traps or missing easy putts. Team prizes will go down to at least 5 places, with a Komen-donated prize for the KP, a champagne prize for the longest drive and new surprise prizes.

A bonus this year is the support of Applebee's Restaurant in Silverdale. Besides catering our lunch after the tournament, they will donate 15 percent of your lunch or dinner (excluding alcohol, gift cards, tax and gratuity) to our Rally. Tell them that your receipt is to be applied to *Rally for the Cure* at Port Ludlow. This is valid until **Thursday, July 12**. Encourage your friends and family to visit Applebee's Restaurant and mention the Port Ludlow Rally.

Port Ludlow and surrounding communities have been very supportive of *Rally for the Cure* for 12 years. Support this worthy cause by sponsoring a hole for a minimum of \$100. You are also welcome to donate to the raffles and door prize funds. Our mission continues to be breast cancer awareness and finding a cure so our loved ones, children, and grandchildren will never know breast cancer. Together, we can make a difference in someone's life.

Entry deadline is **Sunday, July 8** for this worthy cause and fun event. For details or questions, please call Carol Katuzny, 437-1157, or the Port Ludlow Golf Club, 437-0272.

## News from the Lady Niners

by Kathy Traci, Lady Niner Captain

The Lady Niners have been invited to participate in the **Thursday, June 7** exchange with Sunland in Sequim. (Please note this date change.) If you would like to participate in the Sunland Exchange, give your check, made out to Sunland Niners, to Lady Niners' Co-Captain, Linda Bloemeke. The cost is \$40 with cart or \$35 without a cart. The Sunland Niners will provide a welcoming brunch prior to play and a post-golf luncheon. This is always an extremely fun day for all participants. The Second Captain's Cup date has been rescheduled to Thursday, May 31.

Men and Women Niners are sponsoring the *Rally for the Cure* on **Thursday, July 12**. Niner members who want to help make this a successful fund raiser can assist in any or all of the following ways:

- Sign up to play the Rally for the Cure Nine Holes of Golf and/or attend the Rally for the Cure Luncheon and bid on the beautiful silent auction baskets/items.
- Volunteer to help with preparations for the event or with activities on **Thursday, July 12**.

*continued on next page*

*Niners continued from previous page*

- Donate a silent auction basket for the Rally for the Cure Luncheon.
- Eat at Applebee's in Silverdale between now and **Thursday, July 12** and tell your server that you want Applebee's to donate 15 percent of your bill to the Rally for the Cure.

The next two Niners monthly couples events will be held on the following dates: **Thursday, June 21** and **Sunday, July 19** with dinners following golf.

**Taste of Port Townsend: Saturday, June 14.** Sponsored by the Port Townsend Main Street Program. See [ptmainstreet.org](http://ptmainstreet.org).

## Tutankhamun Exhibition

The Pacific Science Center will feature an exciting exhibition entitled, "Tutankhamun: The Golden King and the Great Pharaohs" through **Sunday, January 6, 2013**. The exhibition features more than 100 objects from King Tut's tomb and other ancient sites. Artifacts associated with some of the most important rulers throughout 2,000 years of ancient Egyptian history will be displayed. The exhibit contains more than twice the number of artifacts displayed in the original Tut exhibit that toured in the 1970s. Many of these objects have never been seen in the United States before this exhibit and will be on display for the last time in North America. This is an exhibit well worth the trip. For further information, go to [www.pacific-sciencecenter.org/King-Tut/king-tut-the-exhibition](http://www.pacific-sciencecenter.org/King-Tut/king-tut-the-exhibition).

## Food for Thought for Generous Contractors

Local home builders are partnering with Habitat for Humanity of East Jefferson County to raise the walls of a Port Townsend home in 11 days. This will be the home of Timothy "TJ" Quandt, Hollis Rothrock, and their two children. This exciting project is taking place now through **Sunday, June 10** and is a part of Habitat for Humanity's Home Builders Blitz 2012, which is a time when more than 200 homes will be built nationwide.

This project is like a traditional barn raising. Local contractors are donating 100 percent of their labor to build this home. Suppliers are also pitching in with donations of windows, drywall, flooring and more.

These volunteers are going to be hungry workers and we would love Port Ludlow residents to help. We would like snacks to be provided every day at the worksite. On your next shopping trip, please pick up extra fruit,

*Food continued from previous page*

nuts, muffins, cookies, granola bars, crackers, brownies or other goodies to help fuel the energy to complete this home on time.

Please deliver your goodies to the home of Adele Govert and Dean Morgan at 55 Seafarer Lane, Port Ludlow (off Fleet) by **Sunday, June 3**. If you have any questions about providing snacks, please contact Adele at 437-8090. If you would like more information about the Home Builders Blitz in general, please contact Cassandra Johnson at [cjohnson@habitatejc.org](mailto:cjohnson@habitatejc.org) or 379-2827.

## Northwind Calls for Collage Artists

“Piece Work”, a juried show, will bring together the best collage artists in the region this **June 1 to July 1** at the Northwind Art Center, 2409 Jefferson Street, Port Townsend.

“Only a Dream,” a collage by Gail S. Larson.

Submitted photo

Entries, not to exceed 50 inches wide including frame, will be juried from original works delivered to the gallery.

The juror for this show is Gail S. Larson, Northwest Regional Representative of the National Collage Society. A maximum of five entries may be submitted. The fees are \$20 for the first entry and \$5 for each additional entry. Fees for NAA donors are \$15 for the first entry and \$5 for each additional entry. The artist will receive 60 percent of the selling price with Northwind paying the sales tax. The prospectus is available online at <http://northwind-arts.org/news/wp-content/uploads/2012/01/Piece-Work-Prospecutus.pdf>, or at the gallery which is open noon to 5:00 p.m., Thursday – Monday.

For more information, contact Linda Sutton at [linda@lindasuttonphoto.com](mailto:linda@lindasuttonphoto.com) (please put Collage Show in the subject line).

## A Fish Out of Water at the Wooden Boat Chandlery

Aunt Hazel’s diaries of a fisherman’s wife in Alaska, published in “A Fish Out of Water” come to life in a presentation on **Wednesday, June 20**, noon to 1:30 p.m. at the Wooden Boat Chandlery in Port Townsend. “A Fish Out of Water” written by Arlene Lochridge, is a biography of a woman who spent years fishing in Alaska with her husband. The event is free of charge and open to all. To make your reservation, e-mail [chandlery@nwmartime.org](mailto:chandlery@nwmartime.org) or call 360.385-3628, Ext. 101. For more information, contact [molly@nwmartime.org](mailto:molly@nwmartime.org).

Arlene will present the stories behind the book about her aunt Hazel. The types of audiences that would be interested in these stories would include: all fishermen, both commercial and sport, as there are numerous, exciting fishing entries and monthly fishing charts listing the kinds of fish caught, their weight, where they were caught, to whom they were sold and at what price they were sold; senior citizens, as they relate to the wartime hardships of the 1940s; and history and World War II buffs. The stories also appeal to travelers who have cruised (or will be cruising) to Alaska, as the book provides history, maps and background information. Port Townsend residents can also relate, as the diary entries mention familiar locations, starting in Seattle. The very first entry mentions Port Townsend.

Since the release of the book in 2010, Arlene has received numerous e-mails from people (mostly from Alaska and Washington) who have personal associations with people and incidences in the diaries, which she will talk about. When the book was first released, Todd Palin asked for it to be sent to his 87-year-old grandmother, an Eskimo who lives in Homer, Alaska. She and her husband were

## Jefferson County Chamber Events

**Monday Member Lunch Meetings:** Noon to 1:00 p.m. at the Elks Lodge, 555 Otto Street, Port Townsend. Lunch served by Subway Sandwich for \$5 to \$8.

**Monday, June 4** – Pam Tietz, Peninsula Housing Authority, discusses expanding opportunities for affordable housing throughout Jefferson County, describes our existing programs and partnerships and gets feedback about what the business community sees as the need for affordable housing. The sponsor is DM Disposal.

**Monday, June 11** – David Moseley, Assistant Secretary of Transportation and Director of the Washington State Ferries (WSF), will provide an update on the Port Townsend-Coupeville ferry reservation system, new ferry construction and the Legislature's actions for WSF long-term funding. The sponsor is Puget Sound Energy.

**Monday, June 18** – Molly Force, Prosper Natural Health, will lead a Natural Health panel. The sponsor is Pane D'Amore.

**Monday, June 25** – Will O'Donnell, Executive Director of Jefferson County Farmer's Market. The sponsor is Uptown Nutrition.

### Other Events:

**Tuesday, June 5** – 8:00 to 9:00 a.m. Coffee Talk at The Resort at Port Ludlow, 1 Heron Road, Port Ludlow. Speaker Ross Lang, Vice President and Advisor Consultant, Global Private Client Group, Nuveen Investments. The sponsor is Columbia Bank.

**Wednesday, June 13** – 8:00 to 9:00 a.m. Executive Board Meeting at VIC, 440 12th Street, Port Townsend.

**Wednesday, June 20** – 8:00 to 9:00 a.m. Board of Directors Meeting at Port Hadlock Conference Center, 173 Chimacum Road, Port Hadlock.

**Thursday, June 21** – 5:30 to 7:00 p.m. Ambassador's Meeting at Valley Tavern, 21 Chimacum Road, Port Hadlock.

**Wednesday, June 27** – 6:00 to 7:30 p.m. Young Professional Network Team Meeting at the CoLab, 1256 Lawrence Street, Port Townsend.

## Jefferson County's Special Olympic Team Competes

You may not be aware of it but Jefferson County has a Special Olympics team, the Jefferson County Warriors, and it is wiping out its competition. On April 28 the aquatics team attended the regional competition in

Tacoma where 11 local athletes were awarded gold medals which qualified them to move on to the state competition on **Friday and Saturday, June 1 and 2.**

Jefferson County Special Olympics has numerous events scheduled including the Torch Run on May 30 with support from local law enforcement. The run includes the torch being carried across the Hood Canal Bridge on its way to the Summer Games at Joint Base Lewis-McChord. In the McDonalds "McTakeover" on **Wednesday, June 13**, 6:00 to 8:00 p.m., 40 percent of sales will be donated to the Jefferson team. The Rose Theatre fundraiser proceeds on **Sunday, July 29** proceeds goes to various agencies including special Olympics and People First.

The Warriors need donations to help fund an overnight trip to the summer games. Additional fundraisers are planned to help purchase uniforms, athletic supplies and other needed items. For information, to join the Warriors or to help out, contact Danae Larrance at 360-437-4156 or 360-301-1723 (cell). Make checks out to Jefferson County Warriors.

To join the team or to volunteer, contact Jana at 437-1954. To be eligible to participate in Special Olympics, athletes must:

- be at least 8 years old (children ages 2 1/2 to 7 are eligible to participate in the Young Athletes Program).
- have a current Medical and Consent Form on file.
- be identified by an agency or professional as having one of the following conditions: intellectual disability; a cognitive delay as determined by standardized measures such as intelligence quotient or other generally accepted measures; or a closely related development disability.

## Remodeling, Updating Your Home?

by Margo Garton, Habitat for Humanity Volunteer

Are you in the middle of, or thinking about, remodeling or updating your home? If so, Habitat for Humanity may be able to help you and, in turn, you can help families in need of safe, warm homes.

The Habitat for Humanity Store needs donations of appliances, 15 years or younger. We accept working washers, dryers, portable dishwashers, refrigerators, freezers, microwaves and stoves. We cannot sell gas dryers, but dual fuel stoves are fine. We do not have a market for built-in dishwashers or drop-in cook tops and microwaves.

Thinking of updating your television viewing? Think of us for your donation of 2008 or newer televisions. We offer free pick-up of any donations. Call 379-2827 to get on the schedule for pick-ups in Port Ludlow. Your donations help us provide affordable, decent, simple houses for families in need in East Jefferson County. All donations are tax-deductible. Habitat for Humanity of East Jefferson County is located at 2001 West Sims Way, Port Townsend.

## Heart Link Takes Networking to the Next Level

by Janette Hammond, Area Coordinator

Heart Link Network™ (HLN) is coming to Port Ludlow and the surrounding Olympic Peninsula area. It is an international networking program specifically designed to support and nurture women entrepreneurs, providing an informal forum to help them explode their businesses. HLN is a unique and powerful marketing tool for women who want to link with resources, build deep and lasting professional and personal relationships, grow their businesses and support their fellow female entrepreneurs. Members are focused on helping one another, making new friends, encouraging them in their own businesses, and helping spread the word of their friend's services. Janette Hammond is the Area Coordinator.

Once per month a group of 10-25 women meet in Hammond's home from 6:00 to 8:00 p.m. on the second Wednesday of the month. An informal dinner is served while socializing. During the meeting time, each attendee is allowed three minutes to showcase her product or service, distribute literature, or demonstrate her goods. There is a brief opportunity afterward to share recent successes. Only one representative per industry is permitted to attend each meeting. No membership is

required. The meeting fee is a nominal \$25 to cover the cost of the meal and reserve the industry-exclusive seat. Go to [www.98365.theheartlinknetwork.com](http://www.98365.theheartlinknetwork.com) to register for the next gathering.

The Heart Link Network™ was founded by Dawn Billings, entitlement expert and author of over 20 books. In 2008, she was selected as one of the nation's 80 emerging women leaders by *Oprah* magazine and *The White House Project*. In addition to her role as CEO of HLN, Dawn is also an executive coach and highly sought-after public speaker on the topics of parenting and relationships.

Janette Hammond has been a Holistic Health Professional for more than 40 years, having studied many different alternative health modalities, in several different parts of the world. She finds it a privilege to work with people to help them unlock the keys to their own health. To learn more about the program, visit [www.theheartlinknetwork.com](http://www.theheartlinknetwork.com) or contact Area Coordinator, Janette Hammond at 360-343-4054, [Janette@jehammond.net](mailto:Janette@jehammond.net).

## Don't Pass the Buck

by Patty Cole, JHC Membership Chairman

"I'm too busy." "I don't have the time." "I'd rather let someone else do it." Have you ever said any of these statements when asked to volunteer? Do you enjoy being a member of an organization but "pass the buck" when it comes to the work of maintaining and improving the organization? I think we all have, but please consider this:

You or your friends and family have probably used the health care provided by Jefferson Healthcare Hospital and its physicians. Luckily, they didn't say, "I don't have time," or "I'm too busy," when you needed them. So think of volunteering with the Auxiliary as the best way to say thank you for the care you received. Remember that the hospital, unlike other organizations you might volunteer for, serves everyone, not just a segment of the population. This makes the Auxiliary unique. The funds raised by the Auxiliary benefit the entire population in Jefferson County. In 2011 the Auxiliary donated \$17,800 for new equipment.

All this is to implore you to participate in the Auxiliary, in any capacity. We need you to serve on the Board of Officers; we need you to work at the gift shop; we need you to keep the Auxiliary a viable, active, "healthy" entity for the sake of the hospital. Please step up to help. The future of the Auxiliary truly depends on members being actively involved. So, please, don't pass the buck—call Pattie Cole, Membership Chairman at 360-437-9261.

## Tours of the Northwest Maritime Center Resume

Volunteer Docents are conducting 45-minute tours of the Northwest Maritime Center on Fridays, Saturdays and Sundays. Tours are free of charge and open to all. No reservations are needed, just show up at 2:00 p.m. inside the Wooden Boat Chandlery.

For large groups or special tours on other days, please make arrangements 14 days in advance by contacting Molly Klupfell, Chandlery Manager at 385-3628, Ext 101, or email her at [molly@nwmaritime.org](mailto:molly@nwmaritime.org).

Tours of the facility include all buildings, upstairs and downstairs. Historic information is shared, a visit of the boat shop to view boats being built is included, educational classrooms and pilot house are toured, art in the gallery is viewed, and top deck water views are enjoyed. Tours begin in the Wooden Boat Chandlery. There is a café in the Chandlery for visitors to purchase espresso, lunch, snacks, beer and wine either before or after the tour.

## Port Ludlow Voice Needs Volunteers

The Port Ludlow Voice is a non-profit news magazine that informs readers of events and activities in Port Ludlow and the surrounding area. Since 1998, the Voice has printed articles relevant to our residents. Currently, willing, competent volunteers are needed to fill several positions. They are copy editor, classified advertising manager, writers, and proofers. Persons interested in joining the Voice staff in any of these capacities should notify Managing Editor Beverly Browne, by calling 437-8099 or by e-mailing [brownnew@bus.orst.edu](mailto:brownnew@bus.orst.edu). Experience in journalism and/or publishing is helpful but not necessary.

If you are looking for a way to make a difference in your community, helping the Voice may be your cup of tea. The Voice has been and still is the primary way that residents find out about events in the community. Join us in this effort.

### Financial Disclosure

#### The Port Ludlow Voice

The *Port Ludlow Voice* is a 501(c)(4) tax-exempt organization, whose entire staff is volunteer and unpaid. All writing and editing is done in the homes of staff members on their personal computers, while a volunteer staff member does all the formatting, which is provided to the printer on disc.

The *Voice* is delivered at no cost to readers to all U.S. Post Office carrier route customers in the Master Planned Resort (MPR). Members of the Ludlow Maintenance Commission (LMC) and South Bay Community Association (SBCA) who live outside the delivery routes, as well as Snowbirds, may subscribe for \$8 a year. Subscriptions to all other interested parties are available at \$17 a year. Average monthly expenses for printing and postage are \$5,800 plus miscellaneous items of \$30, for a monthly average of \$5830.

The sources of financial support for publishing the *Voice* each month are:

1. Port Ludlow Associates (PLA)	\$200
2. Port Ludlow Golf Course	\$200
3. Port Ludlow Marina	\$200
4. The Inn At Port Ludlow	\$200
5. Ludlow Maintenance Commission (LMC)	\$200
6. South Bay Community Association (SBCA)	\$200
7. Port Ludlow Village Council (PLVC)	\$200
8. Subscriptions Average	\$90
9. Classified Advertising Average	\$605
10. Display Advertising Average	<u>\$3,690</u>
	\$5,785

This issue proofread by  
Lisa Olsen, Karen Davies and Mary Kletti

The mission of the Port Ludlow Voice is to inform its readers of events and activities within the Village and in close proximity to the Village. We will print news articles that directly affect our residents.
